****Exploring Black History Shows on Netflix: Stories That Inspire and Educate****

Black history shows on Netflix have become an essential part of the streaming platform's diverse library, offering viewers a rich tapestry of narratives that celebrate Black culture, resilience, and achievement. Whether through documentaries, biopics, or dramatized series, these shows provide an accessible way to learn about pivotal moments, influential figures, and the ongoing journey toward equality and recognition. As interest in Black history and culture continues to grow, Netflix has stepped up by curating content that not only entertains but also educates and inspires audiences worldwide.

Diving Into the Richness of Black History Through Netflix

Netflix's dedication to showcasing Black history is evident in the variety of genres and formats available. From historical documentaries to contemporary dramas, these shows explore a wide range of themes such as civil rights, cultural identity, systemic racism, and personal triumphs. This diversity ensures that everyone can find something that resonates with their interests and deepens their understanding of Black experiences.

Why Black History Shows on Netflix Matter Today

In recent years, there has been a growing awareness of the importance of representation and education around Black history. Streaming platforms like Netflix play a crucial role in this by making stories that were once marginalized more visible. These shows are vital because they:

- Provide context and background to ongoing social justice movements.
- Celebrate Black excellence and contributions often overlooked in mainstream narratives.
- Encourage empathy and cross-cultural understanding.
- Inspire younger generations by highlighting role models and trailblazers.

Top Black History Shows on Netflix Worth Watching

Netflix offers a selection of standout Black history shows that have garnered critical acclaim and audience appreciation alike. Here are some recommendations that showcase the breadth of storytelling available:

1. "When They See Us"

This gripping miniseries directed by Ava DuVernay tells the harrowing story of the Central Park Five, a

group of Black and Latino teenagers wrongfully accused and convicted of assault in 1989. The show not only highlights the injustices within the criminal justice system but also explores themes of resilience and hope. It's a powerful watch that prompts conversations about race, class, and the importance of due process.

2. “Self Made: Inspired by the Life of Madam C.J. Walker”

A biographical drama about Madam C.J. Walker, America's first female self-made millionaire, this series portrays the challenges and triumphs of an African American woman building a business empire in the early 20th century. The show blends historical facts with compelling storytelling, making it both educational and entertaining.

3. “13th”

This documentary, directed by Ava DuVernay, dives into the history of racial inequality in the United States, focusing on the mass incarceration of African Americans. Named after the 13th Amendment, which abolished slavery except as punishment for crime, the film provides eye-opening insights into systemic racism and its modern-day consequences.

4. “Unsolved: The Murder of Tupac and The Notorious B.I.G.”

For those interested in the intersection of Black history and music, this crime drama explores the mysterious murders of two of hip-hop's biggest icons. It sheds light on the cultural impact of Tupac Shakur and Biggie Smalls, while also delving into the socio-political climate surrounding their deaths.

How These Shows Enhance Understanding of Black Culture and History

Black history shows on Netflix do more than recount events; they immerse viewers in the lived experiences of Black individuals and communities. This immersive storytelling approach helps break down stereotypes and challenges preconceived notions. Additionally, these shows often feature soundtracks, fashion, and dialects authentic to their settings, enriching cultural appreciation.

Bringing Historical Figures to Life

Biographical series and documentaries help humanize historical figures, making their stories relatable and inspiring. Seeing the struggles and successes of people like Madam C.J. Walker or the activists in “When They See Us” connects audiences emotionally to history, fostering a deeper understanding than textbooks often provide.

Highlighting Contemporary Issues Through Historical Context

Many of these shows draw parallels between past injustices and current social issues. For example, “13th” links historical slavery to modern incarceration rates, helping viewers grasp the systemic nature of racial inequality. This contextualization encourages critical thinking and motivates viewers to engage with ongoing conversations about race and justice.

Tips for Exploring Black History Shows on Netflix

If you’re new to this genre or want to make the most of your viewing experience, here are some tips:

- **Start with documentaries:** These provide factual accounts and often include interviews with experts and witnesses, offering a solid foundation.
- **Mix genres:** Incorporate dramas and biopics to experience emotional storytelling alongside historical facts.
- **Use subtitles:** Especially for period pieces or shows with regional dialects, subtitles can enhance comprehension.
- **Join discussions:** Many shows spark conversations online or in community groups, which can deepen your understanding and provide diverse perspectives.
- **Explore related content:** Netflix often recommends similar shows or films, so take advantage of these to expand your knowledge.

The Growing Impact of Black History Shows on Streaming Platforms

The success and popularity of black history shows on Netflix have influenced other streaming services to increase their offerings in this area. This broader availability of diverse content is crucial for representation in media and helps shift cultural narratives. It also encourages the entertainment industry to invest in Black storytellers, actors, and creators, fostering a more inclusive creative landscape.

Moreover, these shows contribute to education outside traditional classrooms. Teachers and parents can use them as engaging tools to supplement lessons on history, social studies, and cultural awareness. The emotional power of visual storytelling often leaves a lasting impression, making the lessons more memorable.

The Role of Storytelling in Healing and Empowerment

For many viewers, seeing authentic representations of Black history and culture on screen is not just informative but healing. It validates experiences that have been ignored or misrepresented and empowers Black audiences by celebrating their heritage. This empowerment can inspire activism, creativity, and pride in identity.

Continuing the Journey: What's Next for Black History Content on Netflix?

As conversations around diversity and inclusion continue to evolve, Netflix shows no signs of slowing down its commitment to highlighting Black voices and stories. Upcoming projects promise to explore lesser-known figures and stories from across the African diaspora, offering fresh perspectives and untold histories.

For viewers eager to stay informed and inspired, keeping an eye on Netflix's new releases and announcements is a great way to access the latest in Black history storytelling. Engaging with these shows not only enriches personal knowledge but also supports the creators and communities behind them.

Whether you're a history buff, a casual viewer, or someone looking to expand your cultural horizons, Black history shows on Netflix provide a meaningful and captivating way to connect with important stories that shape our world.

Black History Shows on Netflix: A Deep Dive into Representation and Storytelling

black history shows on netflix have become increasingly prominent in recent years, reflecting both a growing demand for diverse narratives and Netflix's commitment to expanding representation within its vast content library. As streaming platforms evolve, the availability of shows that explore Black history, culture, and experiences offers viewers an invaluable opportunity to engage with stories

that have long been marginalized or underrepresented in mainstream media. This article investigates the landscape of Black history shows on Netflix, analyzing their thematic significance, production quality, and cultural impact.

The Rise of Black History Shows on Netflix

Netflix's global reach and expansive subscriber base have positioned it as a pivotal platform for storytelling that challenges traditional media paradigms. Over the past decade, Netflix has curated a growing catalog of documentaries, docuseries, and dramatized accounts dedicated to exploring the multifaceted narratives of Black communities, both in the United States and internationally. These shows not only educate viewers on pivotal historical moments but also highlight contemporary issues related to race, identity, and social justice.

One notable trend is Netflix's strategic collaboration with Black creators and historians to ensure authenticity and depth in content. This approach has resulted in critically acclaimed series that resonate with a wide audience, bridging the gap between entertainment and education.

Key Black History Shows on Netflix

When exploring black history shows on Netflix, several titles stand out for their historical significance and narrative approach. Among these are:

- **“13th” (2016):** Directed by Ava DuVernay, this documentary delves into the intersection of race, justice, and mass incarceration in the United States. It traces the history from the abolition of slavery to the modern-day prison system, offering a compelling critique backed by extensive research and expert interviews.
- **“When They See Us” (2019):** A dramatized miniseries also by Ava DuVernay, it recounts the wrongful conviction of the Central Park Five, a group of Black and Latino teenagers. The show combines powerful performances with a gripping narrative that exposes systemic racial injustice.
- **“Self Made: Inspired by the Life of Madam C.J. Walker” (2020):** This biographical drama chronicles the life of Madam C.J. Walker, one of the first African American female self-made millionaires. It offers a lens into entrepreneurship, resilience, and race relations during the early 20th century.
- **“The Black Godfather” (2019):** A documentary that profiles Clarence Avant, an influential music executive and power broker in the entertainment industry. The film sheds light on Black leadership behind the scenes and its impact on culture.

These titles represent a range of formats and storytelling styles, from rigorous documentaries to dramatic reenactments, each contributing uniquely to the discourse around Black history.

Analyzing the Impact and Representation

The inclusion of black history shows on Netflix marks a significant shift toward more inclusive storytelling. The platform's ability to reach a diverse, international audience amplifies the visibility of Black experiences that were historically sidelined. Moreover, these shows often serve dual purposes: they act as educational tools and as catalysts for social conversation.

Authenticity and Narrative Depth

A critical factor in the success of these shows lies in their commitment to authenticity. Collaborations with historians, activists, and Black creatives ensure that narratives are not only accurate but also nuanced. This is particularly important given the complexities of Black history, which involves a wide spectrum of experiences across different regions and time periods.

For instance, "13th"'s meticulous use of archival footage and expert commentary provides a factual backbone to its argument, avoiding sensationalism. In contrast, "When They See Us" humanizes its subjects through intimate dramatization, fostering empathy and understanding. Netflix's investment in such diverse narrative techniques enriches the viewer's engagement with the material.

Challenges and Criticisms

Despite the progress, black history shows on Netflix are not without criticism. Some argue that the platform's commercial imperatives may influence content choices, potentially prioritizing entertainment value over historical accuracy or depth. Additionally, the risk of oversimplification or reinforcing certain stereotypes remains a concern, especially when complex histories are condensed into limited episodes.

Furthermore, accessibility issues persist. While Netflix has a vast subscriber base, economic and regional disparities limit who can access this content, raising questions about the democratization of historical knowledge.

Comparing Netflix's Black History Offerings with Other Streaming Services

In the competitive streaming market, Netflix's emphasis on black history shows positions it distinctively. Other platforms like HBO Max, Hulu, and Amazon Prime Video also offer Black-centered content, but Netflix's volume and variety stand out.

HBO Max, for example, boasts documentaries such as "Mr. Soul!" and series like "Lovecraft Country," which integrate Black history with genre storytelling. Hulu has invested in series like "Punk" and "Little Fires Everywhere," which touch on racial themes. However, Netflix's global distribution and original productions focused explicitly on Black history give it a unique edge in accessibility and influence.

Impact on Audience Perception

The availability of these shows on a mainstream platform like Netflix influences how audiences perceive Black history. By embedding these narratives within popular culture, Netflix helps normalize discussions about race, systemic inequality, and cultural heritage. This exposure can foster increased awareness and empathy, contributing to broader societal shifts.

Future Prospects for Black History Content on Netflix

Looking ahead, the trajectory for black history shows on Netflix appears promising. The platform's continuous investment in diverse storytelling and partnerships with emerging Black talent suggest an expanding catalog. Upcoming projects reportedly include explorations of lesser-known historical figures, contemporary social movements, and global Black diasporic experiences.

Moreover, advancements in interactive and immersive media may redefine how Black history is presented, potentially offering audiences more engaging and personalized experiences.

As Netflix continues to navigate the balance between commercial success and cultural responsibility, the evolution of its black history content will likely remain a key area of interest for viewers, critics, and scholars alike.

black history shows on netflix: Black Cinema & Visual Culture Artel Great, Ed Guerrero, 2023-03-30 This culturally and politically timely collection examines new Black films and moving images that have, once again, excited and possibly shifted the global media landscape. At a moment some scholars have described as post-post-racial, Black Cinema & Visual Culture provides new, urgent definitions and theories for Black cinema and furthers the development of its critical discourses. Gathering some of the leading scholars and critics in the field, this book enriches and advances the study of Black film and media and its social and political implications at a breakthrough period of expansion in the 21st century. This anthology tackles a wide range of topics from social justice, new media, and Afrofuturism, to race, gender, sexuality, mass incarceration, cultural memory, and Afrosurrealism, exploring the current climate of Black cinematic art that has proven wildly popular with domestic and global audiences, including hit films like *Get Out* and *Marvel's Black Panther*. Together, these essays deepen understandings of Black visual culture, its creative image-makers, the political economy of Hollywood, and the cultural politics at the intersection of modern cinema, streaming platforms, and digital technologies. *Black Cinema & Visual Culture* will serve as an important learning tool for university courses spanning topics in film studies, American film and television, cultural studies, American studies, African Diaspora studies, media activism, social analysis, and African-American studies. This volume will also provide a benchmark in popular and intellectual circles for anyone interested in popular culture, Black-American cinema, media, issues of race in Hollywood, or Black culture and the conditions that shape both its art and politics.

black history shows on netflix: Race in American Television David J. Leonard, Stephanie Troutman Robbins, 2021-01-26 This two-volume encyclopedia explores representations of people of

color in American television. It includes overview essays on early, classic, and contemporary television and the challenges for, developments related to, and participation of minorities on and behind the screen. Covering five decades, this encyclopedia highlights how race has shaped television and how television has shaped society. Offering critical analysis of moments and themes throughout television history, *Race in American Television* shines a spotlight on key artists of color, prominent shows, and the debates that have defined television since the civil rights movement. This book also examines the ways in which television has been a site for both reproduction of stereotypes and resistance to them, providing a basis for discussion about racial issues in the United States. This set provides a significant resource for students and fans of television alike, not only educating but also empowering readers with the necessary tools to consume and watch the small screen and explore its impact on the evolution of racial and ethnic stereotypes in U.S. culture and beyond. Understanding the history of American television contributes to deeper knowledge and potentially helps us to better apprehend the plethora of diverse shows and programs on Netflix, Hulu, YouTube, and other platforms today.

black history shows on netflix: Literacy and Identity Through Streaming Media Damiana Gibbons Pyles, 2023-05-09 In this book, Damiana Gibbons Pyles guides readers through the fast-changing landscape of digital streaming services such as Netflix and explores their impact on children's and teens' identities. Children interact with streaming media in novel, hidden, and unforeseen ways that shape their digital, material, affective, and embodied worlds. By analyzing how Netflix represents gender, race, and ethnicities, Gibbons Pyles explores how this new media phenomenon portrays and influences young people's development and sense of self, and how streaming media pushes children and teens to particular ways of being in its interfaces, algorithms, and content. Drawing primarily on Bakhtinian, feminist, and female Black scholarship, her incisive analysis reveals how the new media streaming phenomenon molds children's understandings of their ways of being in the world. Ideal for scholars and graduate students in literacy education, media studies, and communication, the text is an illuminating view into the hidden role of streaming services as an essential, complex component of literacy scholarship.

black history shows on netflix: That Moment When Mo Gilligan, 2021-09-02 Come on my journey. Look at where man's come from. I was working in retail in 2017. You might know Mo as the critically acclaimed stand-up comedian, BAFTA-winning presenter, Masked Singer judge and social media mega star. But do you know the moments that really made him? Opening up on the turning points, the good times, the challenges and the lessons learned, this is Mo as you've never seen him before. Journeying through childhood memories in South London, Mo reminisces about school days and old-school raving, and takes us behind the scenes of his first comedy gigs, the creation of the original Geezer, selling out national tours and becoming one of TV's most in-demand stars. Share the moment that Mo decided he wanted to be a comedian, the moment he went viral, the moment he realised he was famous (and how to deal with it), the moment his Netflix special dropped, the moment he won his BAFTA and the moments he still has to come. In among the laugh-out-loud observations, life lessons and candid storytelling, there lies the bigger influences in Mo's life - the unsung heroes of the Black British comedy scene, the power of community and the feel-good legacy he wants to create. 'The Funniest Man in Britain' The Times

black history shows on netflix: Making Black History Dominique Haensell, 2021-10-04 This study proposes that - rather than trying to discern the normative value of Afropolitanism as an identificatory concept, politics, ethics or aesthetics - Afropolitanism may be best approached as a distinct historical and cultural moment, that is, a certain historical constellation that allows us to glimpse the shifting and multiple silhouettes which Africa, as signifier, as real and imagined locus, embodies in the globalized, yet predominantly Western, cultural landscape of the 21st century. As such, *Making Black History* looks at contemporary fictions of the African or Black Diaspora that have been written and received in the moment of Afropolitanism. Discursively, this moment is very much part of a diasporic conversation that takes place in the US and is thus informed by various negotiations of blackness, race, class, and cultural identity. Yet rather than interpreting Afropolitan

literatures (merely) as a rejection of racial solidarity, as some commentators have, they should be read as ambivalent responses to post-racial discourses dominating the first decade of the 21st century, particularly in the US, which oscillate between moments of intense hope and acute disappointment. Please read our interview with Dominique Haensell here: <https://blog.degruyter.com/de-gruyters-10th-open-access-book-anniversary-dominique-haensell-and-her-winning-title-making-black-history/>

black history shows on netflix: Watching While Black Rebooted! Beretta E. Smith-Shomade, 2023-11-10 *Watching While Black Rebooted: The Television and Digitality of Black Audiences* examines what watching while Black means within an expanded U.S. televisual landscape. In this edition, media scholars return to television and digital spaces (those spaces relying on television structure) to think anew about what engages and captures Black audiences and users and why it matters.

black history shows on netflix: African American Women in the Oprah Winfrey Network's Queen Sugar Drama Ollie L. Jefferson, 2021-01-15 This critical study interrogates the intersection of race and gender media representations on screen and behind the scenes. The thought-provoking investigation on the Oprah Winfrey Network's Queen Sugar series shows the ways in which the television drama is a significant contribution to mainstream media that creates in-depth conversations concerning African American women's social roles, social class, and social change. Ollie L. Jefferson provides a unique analysis of the television production by using the exemplary representations conceptual framework to contextualize and theorize research contributing to systemic change. Jefferson highlights the best practices used by African American female executive producers, Oprah Winfrey and Ava DuVernay, by examining Queen Sugar as a case study. The investigation shows how the decision-makers produced multidimensional female characters to illustrate the complex humanity of Black lives. This book broadens understanding of the media industry's need for culturally sensitive and conscious inclusion of women and people of color behind the scenes—as media owners, creators, writers, directors, and producers—to put an end to the persistent and pervasive misrepresentations of African American women on screen. Scholars of television studies, film studies, media studies, race studies, and women's studies will find this book particularly useful.

black history shows on netflix: The Mediaverse and Speculative Fiction Television Ashumi Shah, 2024-02-28 Some (web) television texts achieve immense commercial success. Certain commercially successful texts boast dedicated, creative, and exponentially growing fandoms. These fan communities engage in specific fan practices that are significantly influenced by the textualities of the texts and their contexts of production, distribution, and consumption. Increased fan engagement resulting in the acceleration of the text's popularity leads to the following inquiries: · How is the series influenced by the interactions among and the relationships between the producers, consumers, distributors, and content? · What are the sites of these interactions? · What are the social, cultural, economic, and political factors that impact the series? · How do the text's contexts of production, distribution, and consumption lead to the text's popularity in mainstream media? In pursuit of an answer to these questions, the analytical lens of the 'mediaverse' is developed. An inductive study, this book explores four television series' that fall within the scope of speculative fiction to characterise the mediaverse and highlight the interconnectedness among the networked nodes of new media. These wield a significant influence on the production and consumption of media and its presence in our everyday lives, thus outlining the mediaverse as a tool for the analysis of a media texts and practices that shape contemporary media culture.

black history shows on netflix: Transracial Adoption, Identity, and Racism in the United States , Kyrai E. Antares, 2023-06-21 *Transracial Adoption, Identity, and Racism in the United States: Between Two Worlds* places racial literacy and anti-racism at the center of the transracial adoption debate. The author argues that transracial adoption stems from systemic issues of racial injustice, and that those problems will not be solved quickly, for they are still being realized. While the work to raise awareness of and correct the disproportionate number of Black children in foster

care is done, transracial adoption will continue to occur. In the meantime, the author suggests an intentional examination of the narratives of Black transracial adoptees' experiences of race to learn about the racial socialization in transracial adoptive households during childhood, teen years, and into adulthood. Adoptees share what they learned about race in White families, what they needed in terms of racial socialization that they didn't get, the myriad feelings they have toward their families, and how they make sense of race in their lives as young adults in the United States. The stories told by adoptees in this book are centered to inspire a change in how transracial adoption is approached by White parents, adoption professionals, social workers, researchers, and counseling psychologists.

black history shows on netflix: Reclaiming the Black Past Pero G. Dagbovie, 2018-11-13
The past and future of Black history In this information-overloaded twenty-first century, it seems impossible to fully discern or explain how we know about the past. But two things are certain. Whether we are conscious of it or not, we all think historically on a routine basis. And our perceptions of history, including African American history, have not necessarily been shaped by professional historians. In this wide-reaching and timely book, Pero G. Dagbovie argues that public knowledge and understanding of black history, including its historical icons, has been shaped by institutions and individuals outside academic ivory towers. Drawing on a range of compelling examples, Dagbovie explores how, in the twenty-first century, African American history is regarded, depicted, and juggled by diverse and contesting interpreters—from museum curators to filmmakers, entertainers, politicians, journalists, and bloggers. Underscoring the ubiquitous nature of African-American history in contemporary American thought and culture, each chapter unpacks how black history has been represented and remembered primarily during the “Age of Obama,” the so-called era of “post-racial” American society. *Reclaiming the Black Past* is Dagbovie's contribution to expanding how we understand African American history during the new millennium.

black history shows on netflix: New Blood Eddie Falvey, Jonathan Wroot, Joe Hickinbottom, 2021-01-15 This book signifies innovative developments in horror cinema research, as well as the current state of the genre within the film and media industries. It is an injection of fresh insights into horror cinema scholarship. This is a book that includes academic studies from established scholars and early career researchers, as well as fans of horror cinema.

black history shows on netflix: Black Art: A Cultural History (Third) (World of Art) Richard J. Powell, 2021-10-26 This groundbreaking study explores the visual representations of Black culture across the globe throughout the twentieth century and into the twenty-first. The African diaspora—a direct result of the transatlantic slave trade and Western colonialism—has generated a wide array of artistic achievements, from blues and reggae to the paintings of the pioneering American artist Henry Ossawa Tanner and the music videos of Solange. This study concentrates on how these works, often created during times of major social upheaval and transformation, use Black culture both as a subject and as context. From musings on the souls of black folk in late-nineteenth-century art to questions of racial and cultural identities in performance, media, and computer-assisted arts in the twenty-first century, this book examines the philosophical and social forces that have shaped Black presence in modern and contemporary visual culture. Renowned art historian Richard J. Powell presents Black art drawn from across the African diaspora, with examples from the Americas, the Caribbean, and Europe. *Black Art* features artworks executed in a broad range of media, including film, photography, performance art, conceptual art, advertising, and sculpture. Now updated and expanded, this new edition helps to better understand how the first two decades of the twenty-first century have been a transformative moment in which previous assumptions about race and identity have been irrevocably altered, with art providing a useful lens through which to think about these compelling issues.

black history shows on netflix: A Flash of Dark Scott W. Williams, Editor, 2018-01-31 An Afro-Futurist Anthology: Speculative Fiction and Poetry with non-European cosmological themes that incorporate elements of African and Black history and culture.

black history shows on netflix: Cultivating Critical Discourse in the Classroom Finley, Stacie Lynn, Correll, Pamela, Pearman, Cathy, Huffman, Stephanie, 2023-06-01 The use of academic

discourse in today's educational environment has the potential to improve education for students from all backgrounds. To achieve this, further study on the best practices, challenges, and future opportunities is required. Cultivating Critical Discourse in the Classroom shares the benefits of empowering and engaging students at all levels of education through the use of academic discourse. The book also provides insights for educators to become more knowledgeable, and therefore better equipped, to create spaces through discourse where cultural competence is cultivated. Covering key topics such as identity, linguistics, student autonomy, and language, this premier reference source is ideal for administrators, policymakers, industry professionals, researchers, academicians, scholars, practitioners, instructors, and students.

black history shows on netflix: Communication in the Netflix Series "BoJack Horseman" from a Pragmatic Point of View Lisa Thöne, 2024-05-28 Bachelor Thesis from the year 2021 in the subject Communications - Movies and Television, grade: 2,3, University of Paderborn (Institut für Anglistik und Amerikanistik), language: English, abstract: This Bachelor Thesis combines insights from Pragmatics, Media and Communication Studies, and Popular Culture. The thesis analyses in how far BoJack Horseman, protagonist in the Netflix series BoJack Horseman, fulfills politeness principles and felicity conditions to communicate successfully with different interlocutors. It effectively illustrates how BoJack's communication evolves throughout the seasons. The paper begins by briefly defining some relevant concepts that are essential for the understanding of the series BoJack Horseman as well as the linguistic analysis of it. After this, some previous research on the series in focus is outlined to give an insight into possible research areas for this series and the relevance of the series in general. Subsequently, the working hypothesis presumes the approximate outcome of the analysis. As a last part of the Background/Theory Chapter, the different pragmatic theories which build the basis for the analysis are displayed and discussed in detail. As a first step of the analysis part, the data at hand, as well as the conducted methodology, are presented. Next, BoJack's communication with his closest friends is analysed, based on the explicated theories, to then move on to discuss his communication in public. The results of the analysis are presented during 3.2 and 3.3. Nonetheless, an overview of the results is given in 3.4. To finish the research, the discussion and conclusion part delivers an overview of all findings and their implications for linguistics as well as other areas, which are also discussed broadly.

black history shows on netflix: Horrible White People Taylor Nygaard, Jorie Lagerwey, 2020-11-24 Examines the bleak television comedies that illustrate the obsession of the white left with its own anxiety and suffering At the same time that right-wing political figures like Donald Trump were elected and reactionary socio-economic policies like Brexit were voted into law, representations of bleakly comic white fragility spread across television screens. American and British programming that featured the abjection of young, middle-class, liberal white people—such as *Broad City*, *Casual*, *You're the Worst*, *Catastrophe*, *Fleabag*, and *Transparent*—proliferated to wide popular acclaim in the 2010s. Taylor Nygaard and Jorie Lagerwey track how these shows of the white left, obsessed with its own anxiety and suffering, are complicit in the rise and maintenance of the far right—particularly in the mobilization, representation, and sustenance of structural white supremacy on television. Nygaard and Lagerwey examine a cycle of dark television comedies, the focus of which are “horrible white people,” by putting them in conversation with similar upmarket comedies from creators and casts of color like *Insecure*, *Atlanta*, *Dear White People*, and *Master of None*. Through their analysis, they demonstrate the ways these non-white-centric shows negotiate prestige TV's dominant aesthetics of whiteness and push back against the centering of white suffering in a time of cultural crisis. Through the lens of media analysis and feminist cultural studies, Nygaard and Lagerwey's book opens up new ways of looking at contemporary television consumption—and the political, cultural, and social repercussions of these “horrible white people” shows, both on- and off-screen.

black history shows on netflix: A History of British, Irish and American Literature Hans-Peter Wagner, 2021-10-04 The third revised and enlarged edition contains discussions of British, Irish and American literary works up to 2020. Focussing on outstanding writings in prose, poetry, drama and

non-fiction, the book covers the time from the Anglo-Saxon period to the 21st century. The feature that makes this literary history unique among its rivals is the coverage of television/web series as a particular form of postmodern drama. The chapters on recent drama now contain detailed analyses of the development of TV and web series from Britain, Ireland and America, with extensive discussions of those series now considered classics. In addition, there are several major innovative features. To begin with, each century is introduced by a survey of the socio-political and cultural backgrounds in which the literary works are embedded. Furthermore, extensive visual material (more than 160 engravings, cartoons and paintings) has been integrated. This visual aspect as well as the introductory sections on art for each century give the reader an excellent idea of the symbiosis between visual and literary representations. Further innovative aspects include - discussions of non-fictional works from literary criticism and theory, travel writing, historiography, and the social sciences - analyses of such popular genres as crime fiction, science fiction, fantasy, the Western, horror fiction, and children's literature - footnotes explaining technical and historical terms and events - a detailed glossary of literary terms - chronological tables for British/Anglo-Irish and American literatures an updated (cut-off date 2020), extensive bibliography containing suggestions for further reading

black history shows on netflix: Netflixed Gina Keating, 2012-10-11 Netflix has come a long way since 1997, when two Silicon Valley entrepreneurs, Marc Randolph and Reed Hastings, decided to start an online DVD store before most people owned a DVD player. They were surprised and elated when launch-day traffic in April 1998 crashed their server and resulted in 150 sales. Today, Netflix has more than 25 million subscribers and annual revenues above \$3 billion. Yet long-term success-or even survival-is still far from guaranteed. Journalist Gina Keating recounts the absorbing, fast-paced drama of the company's turbulent rise to the top and its attempt to invent two new kinds of business. First it engaged in a grueling war against video-store behemoth Blockbuster, transforming movie rental forever. Then it jumped into an even bigger battle for online video streaming against Google, Hulu, Amazon, and the big cable companies. Netflix ushered in such innovations as DVD rental by mail, a patented online queue of upcoming rentals, and a recommendation algorithm called Cinematch that proved crucial in its struggle against bigger rivals. Yet for all its success, Netflix is still a polarizing company. Hastings is often heralded as a visionary-he was named Business Person of the Year in 2010 by Fortune-even as he has been called the nation's worst CEO. Netflix also faces disgruntled customers after price increases and other stumbles that could tarnish the brand forever. The quest to become the world's portal for premium video on demand will determine nothing less than the future of entertainment and the Internet. Drawing on extensive new interviews and her years covering Netflix as a financial and entertainment reporter, Keating makes this tale as absorbing as it is important.

black history shows on netflix: Television Show Trends, 2016-2020 Yvonne D. Leach, Nicholas J. Natalicchio, 2023-12-04 What do Euphoria, Normal People, Atlanta, Ramy, Vida, I May Destroy You, Stranger Things, and Lovecraft Country have in common? In the 2016-2020 time period they were created, these TV shows exemplified one (or more) of four noteworthy trends: authenticity, diversity, sexual candor, and retrospection. This is the first book to examine live action, fictional television shows produced within a five-year period through the lens of the trends that they epitomize. For each show, the following is discussed: the significance of the platform and the format; the intentions of the creators and showrunners; pertinent background information; similar shows and precedents; the storytelling approach; the cinematic form; and finally, how the show is emblematic of that particular trend. Since trends have the possibility of becoming part of the mainstream, they are important to identify as they emerge, especially for viewers who have a keen interest in narrative television shows.
