black history month read alouds: LGBTQIA+ Inclusive Children's Librarianship Lucy Santos Green, Jenna Spiering, Vanessa Lynn Kitzie, Julia Erlanger, 2022-05-16 This book breaks new ground, offering school and public librarians serving children in grades K-8 a roadmap for implementing and upholding queer-inclusive programs, policies, and services. School and public librarians are serving ever greater numbers of LGBTQIA+ children and families. Transgender children may begin to express a strong sense of gender identity as early as 2-3 years of age. Children are also identifying as gay much sooner than earlier generations—often between the ages of 7 and 12. Additionally, more children than ever before are living with LGBTQIA+ caregivers. In seeking to make our programs and services inclusive and equitable for these growing populations, librarians may court controversy and face community backlash from patrons who feel queer-inclusive content is inappropriate for young children. This book codifies a set of best practices for librarians as they rise to this challenge, defining queer-inclusive programs, identifying potential barriers to implementation, and offering strategies and resources to overcome them.
