case histories season 2 cast: *Encyclopedia of Television Law Shows* Hal Erickson, 2009-09-29 When media coverage of courtroom trials came under intense fire in the aftermath of the infamous New Jersey v. Hauptmann lawsuit (a.k.a. the Lindbergh kidnapping case,) a new wave of fictionalized courtroom programming arose to satiate the public's appetite for legal drama. This book is an alphabetical examination of the nearly 200 shows telecast in the U.S. from 1948 through 2008 involving courtrooms, lawyers and judges, complete with cast and production credits, airdates, detailed synopses and background information. Included are such familiar titles as Perry Mason, Divorce Court, Judge Judy, LA Law, and The Practice, along with such obscure series as They Stand Accused, The Verdict Is Yours Sam Benedict, Trials of O'Brien, and The Law and Mr. Jones. The book includes an introductory overview of law-oriented radio and TV broadcasts from the 1920s to the present, including actual courtroom coverage (or lack of same during those years in which cameras and microphones were forbidden in the courtroom) and historical events within TV's factual and fictional treatment of the legal system. Also included in the introduction is an analysis of the rise and fall of cable's Court TV channel.

case histories season 2 cast: *Shakespeare's Histories on Screen* Jennie M. Votava, 2023-06-29 This volume reframes the critical conversation about Shakespeare's histories and national identity by bringing together two growing bodies of work: early modern race scholarship and adaptation theory. Theorizing a link between adaptation and intersectionality, it demonstrates how over the past thirty years race has become a central and constitutive part of British and American screen adaptations of the English histories. Available to expanding audiences via digital media platforms, these adaptations interrogate the dialectic between Shakespeare's cultural capital and racial reckonings on both sides of the Atlantic and across time. By engaging contemporary representations of race, ethnicity, gender, sexuality, disability and class, adaptation not only creates

artefacts that differ from their source texts, but also facilitates the conditions in which race and its intersections in the plays become visible. At the centre of this analysis stand two landmark 21st-century history adaptations that use non-traditional casting: the British TV miniseries *The Hollow Crown* (2012, 2016) and the American independent film *H4* (2012), an all-Black Henry IV conflation. In addition to demonstrating how the 21st-century screen history illuminates both past and present constructions of embodied difference, these works provide a lens for reassessing two history adaptations from Shakespeare's 1990s box office renaissance, when actors of colour were first cast in cinematic versions of the plays. As exemplified by these formal adaptations' reappropriations of race in history, non-traditional Shakespearean casting practices are also currently shaping digital culture's conversations about race in non-Shakespearean period dramas such as *Bridgerton*.

Whether *The Real Housewives* taps into our voyeuristic urges, our fascination with wealth and class, or the allure of the sheer spectacle of grown women yelling at one another, the show is truly a cultural phenomenon—and a global one, with more than twenty international spin-offs. *Historians on Housewives* looks past the show's reputation as lowbrow, unscripted reality television and unveils deeper historical meanings behind some of Bravo's best-known programs and franchises. This collection of ten essays is both a celebration of the bizarre behavior of the *Real Housewives* and a

critical theorizing of the importance of the shows and the Housewives themselves. Historians on Housewives explores relationships between historical topics and themes and some of Bravo's most iconic moments to demonstrate the usefulness of Bravo television as a tool for making history accessible. Emerging in a context which has seen a boom in popularity for horror series on television, AHS has distinguished itself from its 'rivals' such as The Walking Dead, Bates Motel or Penny Dreadful through its diverse strategies and storylines, which have seen it explore archetypal narratives of horror culture as well as engage with real historical events.
