

the case for israel alan dershowitz

The Case for Israel Alan Dershowitz: A Deep Dive into One of the Most Influential Defenses

the case for israel alan dershowitz stands as a pivotal discussion in understanding the pro-Israel narrative, particularly from the perspective of one of America's most prominent legal minds. Alan Dershowitz, a renowned attorney and academic, has long been an outspoken advocate for Israel, crafting a compelling defense of the country's policies, history, and right to exist amid a complex geopolitical landscape. His work, especially the book titled **The Case for Israel**, continues to spark debate and conversation about the Israeli-Palestinian conflict, international law, and the moral dimensions of nationhood.

If you're curious about why Dershowitz's arguments resonate with many or want to unpack the nuances behind his defense of Israel, this article will guide you through the key points, controversies, and broader implications of his case.

Who is Alan Dershowitz and Why Does His Case Matter?

Alan Dershowitz is a Harvard Law professor emeritus, criminal defense lawyer, and prolific author. Over decades, he has built a reputation as a fierce defender of civil liberties and a vocal commentator on Middle Eastern affairs. His involvement in high-profile legal cases and his writings on international law have given him a unique platform to address Israel's position in the world.

The Foundation of Dershowitz's Advocacy

Dershowitz's defense of Israel isn't just rooted in legal expertise but also in a personal connection to Jewish identity and history. His arguments often emphasize:

- The historical legitimacy of the Jewish people's claim to the land of Israel.
- The right of Israel to defend itself against existential threats.
- The importance of distinguishing between legitimate criticism of Israeli policies and anti-Semitism.

By framing Israel's story through the lens of international law and human rights, Dershowitz aims to counter narratives that portray Israel solely as an aggressor or occupier.

Main Arguments in The Case for Israel Alan Dershowitz Presents

Dershowitz's book and public talks lay out several core points that collectively form a

robust defense of Israel's actions and policies.

1. Israel's Right to Exist and Self-Defense

Dershowitz stresses that Israel's existence is not up for debate. He argues that the Jewish state was established through legal means — referencing the Balfour Declaration, the League of Nations mandate, and the United Nations partition plan. More importantly, he highlights Israel's right to self-defense against attacks from neighboring states and terrorist organizations.

The recurring wars and conflicts, including those with Hamas and Hezbollah, are often cited by Dershowitz as evidence that Israel must maintain strong defensive measures to ensure the safety of its citizens.

2. Debunking Myths about Israeli Settlements

One of the most contentious issues in the Israeli-Palestinian conflict is the matter of Israeli settlements in the West Bank. Critics argue these settlements violate international law, specifically the Fourth Geneva Convention. Dershowitz challenges this perspective by:

- Questioning the applicability of the Geneva Convention in this context.
- Highlighting historical Jewish presence in these territories.
- Emphasizing that peace negotiations have repeatedly included discussions on land swaps and settlements.

He urges readers to consider the complexity of the issue rather than accept simplistic accusations of illegal occupation.

3. The Palestinian Narrative and the Responsibility for Peace

While sympathetic to Palestinian aspirations, Dershowitz points out the role of Palestinian leadership in perpetuating conflict. He contends that peace efforts have often been derailed by rejectionism, incitement, and refusal to recognize Israel as a Jewish state.

For Dershowitz, meaningful peace requires honest acknowledgment of Israel's rights and a commitment to coexistence — themes that recur throughout his arguments.

Understanding the Criticism and Controversies Around Dershowitz's Case

No discussion about Dershowitz's defense of Israel would be complete without addressing

the criticisms he faces from various sides.

Critiques from Pro-Palestinian Advocates

Many pro-Palestinian advocates argue that Dershowitz downplays Israel's human rights violations and the hardships faced by Palestinians under occupation. They accuse him of presenting a one-sided narrative that ignores systemic issues such as:

- Restrictions on movement.
- Displacement.
- Economic inequality.

These critics suggest that Dershowitz's legalistic approach sometimes overlooks the lived experiences of Palestinians.

Challenges from Within the Jewish Community

Interestingly, Dershowitz also faces criticism from some within the Jewish community who feel his approach is too confrontational or dismissive of legitimate Israeli policy critiques. They worry that his defense risks alienating those who seek a balanced and nuanced conversation about Israel's future.

International Legal Debates

Legal scholars have debated Dershowitz's interpretations of international law, especially regarding settlements and the use of force. While many respect his legal acumen, the international community remains divided on these contentious issues.

Why The Case for Israel Alan Dershowitz Remains Relevant Today

The Israeli-Palestinian conflict remains one of the most polarizing topics globally, and Dershowitz's arguments continue to influence policymakers, academics, and activists.

Impact on Public Discourse

Dershowitz's articulate and detailed defense provides a counterbalance to negative portrayals of Israel in media and academia. His insistence on distinguishing anti-Israel sentiment from anti-Semitism is particularly relevant in today's politically charged environment.

Educational Value

For students of international relations, law, and Middle Eastern studies, *The Case for Israel* offers a structured, well-reasoned perspective that challenges readers to critically assess their assumptions and engage with the complexities of the conflict.

Encouraging Dialogue and Understanding

While deeply controversial, Dershowitz's work encourages dialogue by presenting clear, evidence-based points that invite rebuttal and discussion. This kind of exchange is vital for any hope of progress in such a deeply entrenched conflict.

Exploring Related Themes in Dershowitz's Work

Beyond just defending Israel's right to exist, Dershowitz's broader work touches on themes like:

- **Human rights and terrorism:** Examining how Israel confronts terrorism within the framework of human rights.
- **Freedom of speech and academic freedom:** Defending the right to support Israel on college campuses amid rising anti-Israel activism.
- **The role of the United States:** Analyzing the strategic and moral partnership between the U.S. and Israel.

These themes are integral to understanding the full scope of Dershowitz's advocacy and why his case resonates beyond just the Israeli context.

Tips for Engaging with The Case for Israel Alan Dershowitz

If you're interested in diving deeper into Dershowitz's arguments or using his work as a springboard for your own understanding, consider these approaches:

1. **Read critically:** Engage with both Dershowitz's points and the counterarguments to form a well-rounded view.
2. **Explore historical documents:** Familiarize yourself with the Balfour Declaration, UN resolutions, and international law treaties referenced in the debate.
3. **Follow current events:** Understanding the evolving political landscape helps contextualize Dershowitz's arguments.
4. **Engage in respectful dialogue:** Whether online or in person, conversations about Israel benefit from openness and fact-based discussion.

By adopting these strategies, you'll gain a richer appreciation for the complexity of the

issues and the strength of the case Dershowitz presents.

In the ongoing global conversation about Israel, Alan Dershowitz remains a towering figure whose articulate defense has shaped public opinion and legal discourse alike. His case for Israel challenges readers to look beyond headlines and engage with the historical, legal, and moral questions at the heart of one of the most enduring conflicts of our time.

Frequently Asked Questions

What is 'The Case for Israel' by Alan Dershowitz about?

'The Case for Israel' is a book by Alan Dershowitz that presents a legal and moral defense of Israel's policies and existence, addressing common criticisms and misconceptions about the country.

The Case for Israel Alan Dershowitz: An Analytical Review

the case for israel alan dershowitz represents a pivotal contribution to the ongoing discourse surrounding Israel's geopolitical legitimacy, legal status, and moral standing in the international arena. Authored by Alan Dershowitz, a prominent American lawyer, legal scholar, and advocate, the book serves as both a defense and an exploration of Israel's right to exist amidst decades of conflict and criticism. This article aims to dissect the underlying arguments presented by Dershowitz, evaluate their effectiveness, and situate his work within the broader context of Middle Eastern politics and international law.

Contextualizing Alan Dershowitz and His Advocacy

Alan Dershowitz is widely recognized for his legal expertise and vocal support for Israel. His involvement extends beyond academia and legal practice into active participation in public debates concerning Israel's policies and the Israeli-Palestinian conflict. "The Case for Israel" emerged in the early 2000s, a period marked by heightened tensions due to the Second Intifada and increasing scrutiny of Israel's actions by global media and diplomatic institutions.

Dershowitz's approach is grounded in both legal analysis and moral reasoning, aiming to counter widespread allegations of Israeli misconduct and delegitimization efforts. His arguments often challenge narratives that paint Israel as an aggressor or an apartheid state, instead positioning it as a democratic nation striving for security and coexistence in a hostile environment.

Core Arguments in "The Case for Israel Alan Dershowitz"

At the heart of Dershowitz's work lies a multifaceted defense that encompasses historical, legal, and ethical dimensions. The book systematically addresses key issues such as Israel's founding, its conflicts with neighboring states, and the contentious subjects of settlements and human rights.

Historical Legitimacy and the Right to Self-Determination

Dershowitz emphasizes the historical connection between the Jewish people and the land of Israel, citing biblical, cultural, and continuous habitation ties. He argues that this historical context, combined with international legal instruments such as the Balfour Declaration (1917) and the League of Nations Mandate for Palestine (1922), provides a legitimate foundation for the modern state of Israel.

Furthermore, Dershowitz underscores the principle of self-determination as enshrined in international law, asserting that Jews, like any other nation, have an inherent right to establish a sovereign state. He contrasts this with the rejection of Israel's legitimacy by certain Palestinian factions and Arab states, framing such denial as an obstacle to peace.

Security Concerns and Defensive Actions

One of the most controversial aspects of the Israeli-Palestinian conflict revolves around Israel's military operations and security measures. Dershowitz argues that many of Israel's actions, often criticized as disproportionate or aggressive, must be understood within the context of self-defense against terrorism and existential threats.

He presents evidence of attacks against Israeli civilians, such as suicide bombings and rocket fire, to justify the state's countermeasures. In doing so, he engages with the principles of international humanitarian law, particularly the rules of proportionality and distinction, defending Israel's right—and duty—to protect its citizens.

Settlements and Land Disputes

The issue of Israeli settlements in the West Bank remains one of the most contentious topics in discussions about Israel's policies. Dershowitz challenges the widespread characterization of settlements as illegal under international law, arguing instead that the territories captured in the 1967 Six-Day War are subject to disputed sovereignty and that Jewish settlement is permissible.

He contends that historical claims and security considerations justify the presence of Israeli communities in these areas. However, he also acknowledges the complexity of the issue, advocating for negotiated solutions that respect both Israeli and Palestinian interests.

Analyzing the Impact and Criticisms of Dershowitz's Work

While "The Case for Israel" by Alan Dershowitz has been influential among supporters of Israel, it has also attracted significant criticism. Opponents argue that Dershowitz's arguments sometimes oversimplify complex realities or selectively interpret international law.

Strengths of Dershowitz's Arguments

- **Legal Expertise:** Dershowitz's background as a constitutional lawyer lends credibility to his interpretation of international legal norms and Israel's rights.
- **Comprehensive Documentation:** The book is well-referenced, drawing from a wide range of historical documents, legal precedents, and firsthand testimonies.
- **Balanced Moral Reasoning:** Despite his strong advocacy, Dershowitz acknowledges the moral dilemmas faced by Israel, including the human cost of conflict.

Critiques and Counterarguments

- **Accusations of Bias:** Critics claim Dershowitz approaches the subject with a predetermined pro-Israel stance, potentially overlooking Palestinian grievances and rights.
- **Interpretation of International Law:** Some legal scholars dispute Dershowitz's reading of the applicability of conventions such as the Fourth Geneva Convention to the occupied territories.
- **Limited Engagement with Palestinian Perspectives:** The book has been critiqued for insufficiently addressing Palestinian narratives and the impact of Israeli policies on Palestinian civilians.

The Case for Israel in Contemporary Discourse

In the years since its publication, Dershowitz's "The Case for Israel" continues to be a reference point in debates over Israel's legitimacy and policy choices. The discourse surrounding Israel has evolved, with new geopolitical developments such as normalization agreements between Israel and several Arab states (e.g., the Abraham Accords) reshaping regional dynamics.

Moreover, the rise of social media and global activism has intensified scrutiny of Israel's actions, making well-articulated defenses like Dershowitz's increasingly relevant to audiences seeking nuanced understanding. At the same time, ongoing conflicts and political shifts within Israel and Palestine necessitate ongoing analysis beyond the scope of any single work.

The Role of Advocacy in Shaping Public Perception

Dershowitz's contributions illustrate the power of legal and moral advocacy in framing international issues. By presenting a rigorous defense grounded in law and ethics, he offers tools for supporters of Israel to counter delegitimization campaigns. However, the polarized nature of discourse on Israel demands that such advocacy be paired with openness to dialogue and recognition of diverse perspectives.

Comparative Perspectives on Middle East Conflict Narratives

When juxtaposed with works from Palestinian advocates or neutral international observers, "The Case for Israel Alan Dershowitz" highlights the deeply contested narratives that define the conflict. This multiplicity of viewpoints underscores the importance of comprehensive analysis for policymakers, scholars, and the public.

In essence, Dershowitz's work serves as both a legal treatise and a political statement, reflecting the complexities inherent in one of the world's most enduring conflicts.

The ongoing relevance of "The Case for Israel Alan Dershowitz" lies in its detailed exploration of the legal and ethical underpinnings of Israel's existence and policies, prompting readers to engage critically with the multifaceted realities of Middle Eastern geopolitics.

[The Case For Israel Alan Dershowitz](#)

Case for Israel is an ardent defense of Israel's rights, supported by indisputable evidence. Presents a passionate look at what Israel's accusers and detractors are saying about this war-torn country. Dershowitz accuses those who attack Israel of international bigotry and backs up his argument with hard facts. Widely respected as a civil libertarian, legal educator, and defense attorney extraordinaire, Alan Dershowitz has also been a passionate though not uncritical supporter of Israel.

the case for israel alan dershowitz: The Case for Peace Alan Dershowitz, 2011-01-06 In The Case for Peace, Dershowitz identifies twelve geopolitical barriers to peace between Israel and Palestine—and explains how to move around them and push the process forward. From the division of Jerusalem and Israeli counterterrorism measures to the security fence and the Iranian nuclear threat, his analyses are clear-headed, well-argued, and sure to be controversial. According to Dershowitz, achieving a lasting peace will require more than tough-minded negotiations between Israelis and Palestinians. In academia, Europe, the UN, and the Arab world, Israel-bashing and anti-Semitism have reached new heights, despite the recent Israeli-Palestinian movement toward peace. Surveying this outpouring of vilification, Dershowitz deconstructs the smear tactics used by Israel-haters and shows how this kind of anti-Israel McCarthyism is aimed at scuttling any real chance of peace.

the case for israel alan dershowitz: The Case Against Israel's Enemies Alan Dershowitz, 2008-09-29 Israel is seriously under attack from political, academic, religious, and military enemies, who are making vociferous threats against its continued existence. In this important new book, Dershowitz gives pro-Israel supporters the ammunition necessary to defend themselves.

the case for israel alan dershowitz: The Ten Big Anti-Israel Lies Alan Dershowitz, 2024-11-26 The goal of The Ten Big Anti-Israel Lies: And How to Refute Them with Truth is to contribute to the marketplace of ideas by offering truthful and well-documented facts that disprove the defamatory fictions—the big lies—that are pervasive in the current protests against Israel. The book's intended audiences are open-minded students and others who seek to hear fact-based information on all sides of the relevant issues. It is also designed to provide intellectual ammunition to pro-Israel students who seek to engage in exchanges with their anti-Israel interlocutors. It is hoped that this book, will help promote fact-based debate and dialogue about Israel and its enemies. As a lifelong Zionist and supporter—though often a critical supporter—of Israel, I am convinced that the unvarnished truth about all sides of the conflict will, if fairly assessed, refute the blood libels currently directed at the nation-state of the Jewish people. This book will demonstrate that the vast majority of accusations leveled by the anti-Israel protestors and professors are false. I will describe their ten central accusations about the past, the present, and the future, and then refute them with indisputable documentary, historical, and empirical evidence.

the case for israel alan dershowitz: The Case for Zionism Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years. When she was formed and fought her early wars of existence, most Bible-believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end-time return of the Jews to their land. While support for Israel remains high in most evangelical communities, we are seeing the beginning of a decline, especially among younger evangelicals, who question whether modern Israel really relates to end-time Bible prophecy. The Case for Zionism attempts to bring together biblical, historical, and legal arguments for the legitimacy of the startup nation known as Israel as it: Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel. In this presentation, Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day.

the case for israel alan dershowitz: War Against the Jews Alan Dershowitz, 2023-12-12 In War Against the Jews: How to End Hamas Barbarism, Alan Dershowitz—#1 New York Times bestselling author and one of America's most respected legal scholars—explains why the horrific attack of Oct 7 and Israel's just response changes everything. It has changed the relationship between Israel and the United States, especially with regard to the possibility of direct American

intervention. It has required Israel to consider its nuclear option as a last resort to assure its survival. It has revealed dangerous attitudes among America's future leaders on today's college campuses toward Israel's possible destruction. It has exposed media biases that have been exacerbated with Israel's vulnerabilities. It has united Israelis and Jews around the world as never before, despite the deep divisions among them politically, religiously, and ideologically. Nothing will ever be the same. It has clouded the future of peace between Israel and its Arab and Muslim neighbors and has diminished the proposals for a peaceful resolution of the Israel-Palestinian conflict. It has made predictions about the future of the region nearly impossible, except that imposing instability is inevitable. In this short book, Dershowitz analyzes these transforming events and suggests how to move forward.

the case for israel alan dershowitz: *Zionism, Post-Zionism & the Arab Problem* Yosef Mazur, 2012-03-14 Dr. Mazur's book is a must read! It will serve to uplift the young of our generation and strengthen their confidence and trust in the righteousness of the Zionist way Lt. Gen. (Ret.) Moshe (Bogie) Yaalon Vice Prime Minister & Minister of Strategic Affairs Belongs in the permanent collection of core books owned by every person who loves Zion and cares about the welfare of the State of Israel Zvi Hauser, Cabinet Secretary, Govt of Israel Definition of the problem is half the solution. Dr. Mazur's complete and comprehensive display of the core issues allows the reader to fully understand the Arab-Israeli conflict from the Zionist perspective and understand that world peace will not come from further Israeli concessions Prof. Gabi Avital, former Chief Scientist, Israel Ministry of Education Chairman, Professors for a Safe Israel With immense patience and the precision of a surgeon, Dr. Mazur allows the facts to speak for themselves which makes a refutation of Israel's right to exist practically impossible Prof. Dan Meirstein, President, Ariel University Center Dr. Mazur's book is the answer for anyone who wants to know the truth rather than the lies and distortions constantly hurled at the Jewish people and the Zionist enterprise Dr. Yossi Achimeir, Director, Jabotinsky Institute Dr. Mazur has revealed the secrets and dangers of post-Zionism and his stunning conclusions will contribute to the life-or-death discourse of our nation. Prof. Rafi Israeli, The Hebrew University

the case for israel alan dershowitz: The Case for Latvia Jukka Rislakki, 2008 What do we know about Latvia and the Latvians? A Baltic (not Balkan) nation that emerged from fifty years under the Soviet Union - interrupted by a brief but brutal Nazi-German occupation and a devastating war - now a member of the European Union and NATO. Yes, but what else? Relentless accusations keep appearing, especially in Russian media, often repeated in the West: Latvian soldiers single-handedly saved Lenin's revolution in 1917, Latvians killed Tsar Nikolai II and the Royal family, Latvia was a thoroughly anti-Semitic country and Latvians started killing Jews even before the Germans arrived in 1941, Nazi revival is rampant in today's Latvia, The Russian minority is persecuted in Latvia. . . True, false or in-between? The Finnish journalist and author Jukka Rislakki examines charges like these and provides an outline of Latvia's recent history while attempting to separate documented historical fact from misinformation and deliberate disinformation. His analysis helps to explain why the Baltic States (population 7 million) consistently top the enemy lists in public opinion polls of Russia (143 million). His knowledge of the Baltic languages allows him to make use of local sources and up-to-date historical research. He is a former Baltic States correspondent for Finland's largest daily newspaper Helsingin Sanomat and the author of several books on Finnish and Latvian history. As a neutral, experienced and often critical observer, Rislakki is uniquely qualified for the task of separating truth from fiction.

the case for israel alan dershowitz: *Beyond Chutzpah* Norman G. Finkelstein, 2020-05-05 In *Beyond Chutzpah*, Norman Finkelstein moves from an iconoclastic interrogation of the new anti-Semitism to a meticulously researched exposé of the corruption of scholarship on the Israel-Palestine conflict, especially in the work of Alan Dershowitz. Pointing to a consensus among historians and human rights organizations on the factual record, Finkelstein argues that so much controversy continues to swirl around the conflict because apologists for Israel contrive it. This paperback edition includes a new preface examining recent developments in the Israel-Palestine

conflict and the misuse of anti-semitism, and a new chapter analysing the controversy surrounding Israel's construction of the West Bank wall.

the case for israel alan dershowitz: American Christian Support for Israel Eric R. Crouse, 2014-10-28 The dominant political theme of the State of Israel is the perpetual quest for security. In its first 25 years, Israel experienced five wars with Arab states declaring their goal to destroy Israel. In *American Christian Support for Israel: Standing with the Chosen People, 1948-1975*, Eric R. Crouse examines how American Christians responded to Israel's wars and the persistent threats to its security. While some were quick to condemn Israel as it made difficult and unpopular decisions in its fight for survival in a hostile region, conservative Christians were trustworthy supporters, routinely voicing uplifting reports. Crouse argues that Israel's embodiment of western ideals and its remarkable economic development gave conservative Christians good reasons to favor Israel in a troubled Middle East, but the main reason for their unconditional support was the key biblical text of Christian Zionism: "I will bless those who bless you [Abraham and his descendants], and I will curse him who curses you" (Genesis 12:3).

the case for israel alan dershowitz: My Israel Question Antony Loewenstein, 2009-09-01 Antony's Loewenstein's *My Israel Question* was a bestseller when first published and generated a storm of controversy, critical praise and robust public debate. Loewenstein's forensic discussion of the Israeli-Palestinian conflict continues here in a fully updated and expanded new edition, examining the prospects of the Middle East peace process in the new geo-political context. The election of Barack Obama brought hope to millions around the world and has seen renewed diplomatic efforts in the Middle East. Yet the Israel-Palestine conflict remains mired in brutality and occupation. The election of a far-right Israeli government, the indiscriminate war on Gaza and the illegal expansion of West Bank colonies suggest a bleak future for both Israelis and Palestinians. However, public debate about the issue, in the USA, United Kingdom, Europe and Australia, is suggesting alternative ways of tackling the crisis. Now, Antony Loewenstein maps the way in which the conflict is ferociously discussed and where the hope lies for resolution to the brutal impasse.

the case for israel alan dershowitz: Understanding the Arab-Israeli Conflict Michael Rydelnik, 2007-10 The authors place the Arab-Israeli conflict in its biblical, historical, and prophetic contexts; and maintains that the true story behind the crisis has not been reported by the media.

the case for israel alan dershowitz: Palestine-Israel A Just Plan for Permanent Peace Jamshid Farshidi, 2009-05-16 Introduction The basic obligations of a state towards its nation(s) are to provide Justice, control of powers - of organizations or individuals - peace, advancement of understanding - including science - and economy. Freedom, although essential, is secondary and a consequence of justice and control of powers. Since its creation in 1948, Israel under Zionism - Jewish Nationalism by reliance on international power(s) - has become a state of "abuse of powers, inherited from world powers", a "place of anti-humanity acts, against the humane formal principles that it was founded on", and a prophet of "transfer - forced migration - of the nations who helped its people to be transferred" in the region. In short, an inconsistency in the consistent humanity that arose from that region. There is a new enlightenment in the world, however, due to post era realities of the events: "end of the cold war", "fall of the Soviet Union", "Christian revolution in Poland", "Islamic revolution in Iran", "uprisings in Islamic world such as Intifada - uprising of Palestinians - and rise of Al-Qaeda", "defeat of Israel by Hesbollah in Lebanon" and "re-evaluation of South-American and African countries of their political and economical situations", on one hand, and "catastrophes of war in Iraq and the military assault on Gaza Strip" on the other hand. Based on this enlightenment, the people of the world adhere to: (i) Demand for maintaining the holy land - land of prophets - as a sacred region for all three great religions of Judaism, Christianity and Islam that have deep historical roots in the region, by reliance on their practical objectives - which are peace and justice for mankind - and not on their subjective theological Ideas - due to interpretations which may be wrong, or unacceptable to the majority of the faithful - for unification of humanity, to promote peace and humanity justice around the world dominated by these three religions, on one hand, and to prevent disastrous events such as crusade wars or dominance by world powers such as Roman

Empire, on the other hand; (ii) Remove the “threat to the world peace” and the “strategy of human transfer” in the Middle East, created by the dominant secular Zionist Ideology that exploits Judaism and Christianity under the unfounded theology of Dispensationalism of John Nelson Darby - devised before 1917 in Great Britain and presumed to be a basis for the Balfour declaration in 1917; (iii) Speak in a unified religious basis that the problem of Palestinian and Israelis can not be solved by ignoring the atrocities of Israeli government towards people of Palestine - by killing them purposefully as a result of strategy of transfer, looking at them inhumanely, and using the historic anti-humanity tactics of the king Herod (around 18 BCE) who killed and enslaved even Jews for the abuse of Roman Empire, against them - and instead obligate it to choose the humane tactics of Moses; And on the spectrum of power, require the United States - as a Christian Country - to choose between Roman Empire Ideas and the Jesus’ Ideas of humanity in its foreign policies. The rights of Palestinians in all aspects should be realized as justice suggests, and not as the power imposes. It is time for the people of the world to re-negotiate the establishment of Israel, on the basis of the principles promised to the nations of the world in 1947 and 1948. In this re- negotiation, the major goal must be the creation of a political system in the present state of Israel that guarantees independence of nations, equal rights of all nations, peace and humanity justice between the nations, and ends the suffering of people of Palestine by abusive power of Zionists. This book - based on the beliefs of it’s author in a humane and just way to resolve the conflict in the Middle East - suggests a bi-national Federal system for a state consisting of nations of Palestinians - Moslem or Christians - and Jews, under provision

the case for israel alan dershowitz: Israel-Palestine on Record Howard Friel, Richard Falk, 2020-05-05 In this scathing analysis of Israel-Palestine coverage in the US media, Howard Friel and Richard Falk reveal the persistent ways the New York Times has ignored principles of international law in order to shield its readers from Israel's lawlessness. While the Times publishes dozens of front-page stories and extensive commentary on the killings of Israelis, it publishes very few such stories on the killings of Palestinians, and mostly ignores the extensive documentation of massive violations of Palestinian human rights by the government of Israel. Furthermore, the Times regularly ignores or under-reports a multitude of critical legal issues pertaining to Israel's policies, including Israel's expropriation and settlement of Palestinian land, the two-tier system of laws based on national origin evocative of South Africa's apartheid regime, the demolition of Palestinian homes, and use of deadly force against Palestinians. These journalistic practices have not only shielded the extent of Israel's transgressions from the American electorate, which is Israel's main source of financial and military support, it has severely diminished our understanding of the Middle East and of US foreign policy in general.

the case for israel alan dershowitz: The Modern-Day Cyrus Rev. Robert Antwi, 2018-06-15 During the exodus from Egypt to the Promised Land, God told the Israelites that the city in which He would place his name should be their center of worship or the economic capital. But unto the place which the Lord your God shall choose out of all your tribes to put his name there, even unto his habitation shall ye seek, and thither thou shall come. (Deuteronomy 12:5) Around 1000 BC, the God of Abraham selected Jerusalem to place His name there and David to rule over His people. David became a king of ancient Israel when God selected Jerusalem to place His name and made Jerusalem the center of worship (spiritual and economic capital). But I have chosen Jerusalem that my name might be there; and have chosen David to be over my people Israel. (2 Chronicles 6:6) Therefore, God chose Jerusalem to put His name there and David to rule over His people (Israel). The Jews know their history, and Jerusalem was proclaimed the capital. On May 14, 1948, Ben-Gurion formally proclaimed the formation of Israel. Jerusalem is the capital and the largest city in Israel. Tel Aviv is Israel's economic and technology center. Jerusalem is the capital, but it has limited recognition. International bodies and many countries around the world do not recognize Jerusalem as the capital of Israel. I believe it is time for the world and international bodies to recognize Jerusalem as the capital. I believe Donald Trump won the election to declare and recognize Jerusalem as the capital of Israel. The Babylonians captured Jerusalem in 587 BC and forced all the Jewish inhabitants into exile

in Babylon. That period was known as the Babylonian Captivity. Isaiah had already given prophecy about Cyrus, so the Jewish community in Babylon saw him as their liberators and assisted Cyrus' army in overthrowing the Babylonians. In 538 BC, Cyrus allowed about forty thousand Jews to return to Jerusalem, ending the Babylonian captivity. Cyrus used the funds he had acquired in conquering Babylon to rebuild the sacred temple in Jerusalem, which was given in prophecy by Isaiah. I have declared President Donald Trump the modern-day Cyrus. Just as King Cyrus set the Israelites free from the Babylonian captivity, Donald Trump is setting Jerusalem free from the slave of unrecognition.

the case for israel alan dershowitz: Insight Guides Israel Insight Guides, 2015-05-01 One of the world's most fascinating countries, Israel defies indifference with its immense historical, spiritual and contemporary significance, as well as its wealth of unique natural and cultural attractions. Whether you want to make a pilgrimage to Jerusalem's Old City, party in fashionable Tel Aviv, bathe in the Dead Sea or discover the country's distinctive architecture, Insight Guide Israel will reveal the best the country has to offer. Features have been updated by a highly-regarded local writer and cover the history and peoples of Israel in depth, while also delving into diverse topics including cuisine, conservation and diving. Thoughtful accounts of the country's regions bring Israel to life, from the powerful spiritual centre of Jerusalem and breath-taking landscapes of the Golan Heights to the sun-soaked beaches on the Mediterranean coast. In addition, there is detailed coverage of the West Bank's attractions, including Bethlehem's shrines and the Negev's ancient sites. Full-colour photography and maps help you navigate with ease, while our detailed Travel Tips give you all the practical information you need to plan your trip, including our selection of the best and most authentic hotels and restaurants.

the case for israel alan dershowitz: Out of Bounds Matthew Abraham, 2014-01-02 Academic freedom is a key element of the academic enterprise in the U.S. However, it does not seem to exist when scholars seek to advocate on behalf of Palestinian self-determination. This unique work examines how the knowledge-power nexus is shaping the discourse around the Israel-Palestine conflict and restricting academic freedom. Beginning with a discussion of American Zionism, the work proceeds to explain why scholars working on the question of Palestine are often denied standard academic freedom. This is supported by prominent cases, such as Norman G. Finkelstein's denial of tenure, the Middle East Studies Department at Columbia University, and Mearsheimer and Walt's book, *The Israel Lobby*. The work of Edward Said and Noam Chomsky are also discussed and the book concludes with recommendations for protecting intellectual freedom to those seeking to critically pursue the question of Palestine. This scholarly study will appeal to a broad audience of faculty, students, and readers who seek to understand the importance of academic freedom and the thorny debates surrounding the Israel-Palestine conflict.

the case for israel alan dershowitz: Refuting the Anti-Israel Narrative Jeremy Havaridi, 2016-04-12 In recent decades, Israel has come under sustained diplomatic pressure from the West. According to the press and the policy establishment, she acts aggressively and with disregard for civilian lives in pursuit of an unnecessary and illegal occupation of Palestinian territory. Others view the country as an embarrassing outpost of colonialism, racism and apartheid whose actions--and those of the pro-Israel lobby--have provoked a fiery Islamist backlash. This book refutes these misrepresentations, showing that Israel's actions are well within the norms of international law and morality, and arguing that the country--far from being a deviant state--is a bastion of Western values. The author offers a nuanced narrative, outlining the legal, moral and historical justice behind Jewish statehood and discussing the reasons behind the failed peace process in recent years.

the case for israel alan dershowitz: Fighting Terrorism in the Liberal State Samuel Peleg, Wilhelm F. Kempf, 2006 Contains papers that illustrate the balanced dichotomy between terrorism and counter-terrorism against the background of the liberal state. How to establish the equilibrium of combating terrorism while preserving the liberties of the open society? This book begins with this question and tackles different aspects and dimensions of this dilemma.

the case for israel alan dershowitz: Citizen-Soldier Handbook: 101 Ways Every

American Can Fight Terrorism Michael Mandaville, 2009-02 Citizen Soldier Handbook: 101 Ways for Every American to Fight Terrorism is a How-To Guide for Americans to fight the greatest threat to Western Civilization - Radical Islam. Terrorists declared every man, woman and child to be a target. We have no choice but to become Citizen Soldiers. The Handbook's Five sections - Morale, Intelligence, Physical Training, Mental Training and Action - encourage Americans of all backgrounds, ages, and skills to do their part against Radical Islam. The Citizen Soldier Handbook is a Call to Arms in the spirit of Citizen Soldiers - at Lexington and Concord firing the 'Shot Heard Round the World' - brighten the glow of Freedom from the Torch of Liberty. --- ... Citizen Soldier Handbook puts this power into the citizen's hands with knowledge about the threat of Radical Islam, how to empower yourself and how to use media to stop the threat of Radical Islam in the age of Information Warfare. This book will inspire you.... -John Ziegler Radio Show Host & Author The Death of Free Speech We are engaged in a great war of Ideas - Freedom versus Tryanny, Democracy versus Islamic Totalitarianism. The weapon of ... is Information. As a writer, I understand the power of Ideas, Information and Humor. The Citizen-Soldier Handbook will help and inspire you, your friends, family, coworkers, fellow Americans to get the word out in dozens of ways. -Burt Prelutsky Former WGA President & Author Conservatives Are from Mars, Liberals Are from San Francisco: 101 Reasons I'm Happy I Left the Left The Citizen-Soldier Handbook is an invaluable resource... at once an exhaustively researched compendium of strategies and a stirring reaffirmation of the meaning of citizenship, it is a clarion call to action in a time when too many have been lulled into a false sense of complacency. -Harry Stein - Author of How I Accidentally Joined the Vast Right-Wing Conspiracy (and Found Inner Peace)' and is a Contributing Editor to City Journal ...this is more than a handbook. It is a call to action. In this age of information and internet warfare, everyone can be a Citizen Soldier and everyone can join the fight. The Citizen Soldier Handbook will show you the way. -Brandon L. Millett Chairman and Co-Founder, The GI Film Festival, Washington D.C. The Citizen Soldier Handbook's Five Sections has 101 Actions (even more if you include subheadings) urging Americans to take action in their Lives, Communities and the World to fight Radical Islam. Morale - Believe in the Greatness of America and Fight For Her Intelligence - Learn about Radical Islam, its Roots, Adherents, Beliefs and Dangers Physical Training - As Physical Beings, We Must Be in Shape to Take Action Mental Training - Steel Yourself for the Mission Ahead. Take Action - Take Action With Suggestions, Ideas, Techniques, Methods and Resources, Organizations and More.... This Book is a Match to Light The Torch of Freedom that You - America's Citizen Soldier - Must Hold High to Stop the Encroaching Darkness. The Fight Is Yours.
