american vision study guide answers teacher edition: The Common Class Rick Tobin, 2007-09 Few Americans would disagree that serious problems plague their country's education system. But what is the real reason for this serious malady? According to author and long-time teacher Rick Tobin, the usual suspects-beleaguered teachers, overcrowded classrooms, lack of funds, etc.-aren't to blame. Tobin believes that critics of the educational system have totally missed the point and that educational reform is aimed in the wrong direction. In his view, academic failure is the direct result of a loss of faith in American democracy. Current teaching objectives and the laws governing schools are failing to emphasize moral responsibility and personal accountability-fundamental aspects of the ethical framework that form the basis of American democracy and American education. These problems stem from what Tobin terms a prevailing egoist culture in America that largely ignores moral character building and downplays the need for individual accountability. He contends there are millions of Americans who fall within nine classes of people who are largely responsible for our educational mediocrity. Rick Tobin doesn't mince words in this candid expose, in which he also offers solutions for remedying our educational woes.

american vision study guide answers teacher edition: Leaving Left Behind Mike Wilson, 2021-01-19 Positive psychologists have proven that positivity leads to success, but most Christians in America have chosen to believe a single eschatological theory that leads to pessimism and cynicism. Pessimistic Christians put themselves in Christian bubbles and focus on self-preservation, and when a mind is clouded by negativity, interpretations of biblical prophecy lean toward the pessimistic possibilities. The fantastic writing of the Left Behind books has popularized premillennial dispensationalism with good intentions, but that interpretation of biblical prophecy teaches that sinfulness will continually increase until Jesus throws up his hands in disgust and secretly raptures worthy Christians, leaving behind unworthy sinners to suffer the wrath of the antichrist. Teaching that questionable theory produces negativity that hinders the Christian mission. When Christians believe that they cannot succeed in leading most of the world to Jesus, they will fail to put in the effort that success would require. Jesus, on the other hand, taught his followers that nothing will prevail over his church, and that teaching inspired them to sacrifice everything for the Christian mission. This is not a promise of prosperity without effort or of inevitable success, but biblical positivity is an energizing force that will help Christians flourish.
