

unknown reality vol 1 of a seth

Unknown Reality Vol 1 of a Seth: Exploring the Mysteries Behind the Enigmatic Work

unknown reality vol 1 of a seth is a phrase that sparks curiosity and invites deeper exploration into a body of work that has intrigued spiritual seekers, metaphysical enthusiasts, and scholars alike. This volume, part of a larger collection attributed to the entity known as Seth through the channeling efforts of Jane Roberts, offers a profound glimpse into an alternate perspective of consciousness, existence, and the very fabric of reality. If you've ever wondered what lies beyond conventional understanding, this work opens doors to ideas that challenge the ordinary and illuminate the extraordinary.

The Origins of Unknown Reality Vol 1 of a Seth

The story behind unknown reality vol 1 of a seth is as fascinating as the content itself. The Seth Material, as it is collectively known, was purportedly communicated by an immaterial entity called Seth, through Jane Roberts during the 1960s and 1970s. Roberts, a writer and poet, entered trance states where Seth's teachings were delivered with remarkable clarity and depth.

Unknown Reality Vol 1 is one of the initial compilations that captures Seth's groundbreaking philosophy. It explores the notion that reality is not fixed but shaped by individual consciousness. This concept was revolutionary at the time and still resonates strongly in modern metaphysical and New Age circles.

Jane Roberts and the Channeling Phenomenon

To understand unknown reality vol 1 of a seth, it helps to know about Jane Roberts' role as a channel. Channeling involves mediating messages from non-physical entities, and Roberts' sessions were meticulously recorded, transcribed, and later published. Her ability to convey Seth's teachings with warmth and accessibility made the material approachable for readers from diverse backgrounds.

Moreover, Roberts' writings bridged the gap between spiritual mysticism and psychological insight, making unknown reality vol 1 not just a metaphysical text but also a psychological exploration of the self and the universe.

Core Concepts Explored in Unknown Reality Vol 1 of a Seth

One of the most compelling aspects of unknown reality vol 1 of a seth is its introduction of ideas that challenge the conventional worldview. Here are some of the core concepts that readers encounter:

Reality as a Construct of Consciousness

Seth emphasizes that reality is fundamentally subjective. According to this view, what we perceive as the “real world” is shaped by our beliefs, expectations, emotions, and thoughts. This idea falls in line with what modern quantum physics hints at—the observer effect and the influence of consciousness on matter.

Readers are encouraged to recognize their power in creating their own experiences and realities, a perspective that empowers personal transformation and self-awareness.

Multiple Dimensions and Parallel Realities

Another intriguing idea in unknown reality vol 1 of a seth is the existence of multiple dimensions and parallel realities. Seth describes a multilayered universe where countless versions of our lives and selves coexist simultaneously. This multidimensional framework expands the understanding of time and space, suggesting that every choice leads to a different reality branch.

This concept has influenced many spiritual teachings and even popular culture, reinforcing the notion that life is far more complex and interconnected than it appears.

The Soul and Its Eternal Nature

Seth also delves into the nature of the soul, portraying it as an eternal, creative force that exists beyond physical incarnation. According to the text, the soul chooses its experiences in the physical world as part of its growth and expansion. This idea offers comfort and meaning to those grappling with questions of life, death, and purpose.

Why Unknown Reality Vol 1 of a Seth Remains Relevant Today

Despite being first published decades ago, unknown reality vol 1 of a seth continues to resonate with readers. Why is that?

Timeless Spiritual Wisdom

The teachings transcend time because they address universal questions about existence, consciousness, and personal empowerment. Whether you are deeply spiritual or simply curious about the nature of reality, the insights offered remain fresh and thought-provoking.

Influence on Modern Metaphysics and Psychology

Seth's ideas have seeped into various fields, including New Thought, transpersonal psychology, and even cognitive science. His emphasis on the power of belief and perception foreshadowed many contemporary approaches that recognize the mind's role in shaping experience.

Encouraging Personal Exploration

One of the beauties of unknown reality vol 1 of a seth is that it doesn't demand blind acceptance. Instead, it encourages readers to experiment with the concepts and observe their own realities to see how these principles manifest in their lives. This experiential approach makes it a living document, constantly relevant and adaptable.

Tips for Reading and Applying Unknown Reality Vol 1 of a Seth

Approaching such a dense and profound text can be daunting, but a few strategies can help you get the most out of the experience:

- **Take Your Time:** Don't rush through the material. Allow yourself moments to reflect on each concept before moving forward.
- **Keep a Journal:** Writing down your thoughts, questions, and any personal experiences related to the readings can deepen your understanding and track your journey.
- **Discuss with Like-Minded Individuals:** Engaging with communities or book groups focused on the Seth material can provide new perspectives and insights.
- **Practice Meditation:** Many of the teachings align well with mindfulness and meditation, helping to internalize the ideas and connect with your inner self.

Integrating Unknown Reality Vol 1 of a Seth into Daily Life

Applying the principles from unknown reality vol 1 of a seth doesn't require dramatic life changes overnight. Simple practices like noticing how your beliefs shape your daily experiences or imagining alternative outcomes to stressful situations can be powerful. Gradually, you may find that your understanding of reality becomes more fluid and empowering.

Where to Find Unknown Reality Vol 1 of a Seth and Related Works

For those interested in diving deeper into Seth's teachings, unknown reality vol 1 of a seth is often available through various channels:

- **Official Publications:** Look for editions published by reputable sources that maintain the integrity of Jane Roberts' transcripts.
- **Online Platforms:** Some websites dedicated to the Seth Material offer digital versions and supplementary resources.
- **Local Libraries and Bookstores:** Many metaphysical sections include Seth's works, providing easy access for curious readers.

Beyond volume one, exploring subsequent volumes and related Seth texts can expand your understanding of the unknown reality that Seth describes, offering a broader exploration of consciousness and existence.

Unknown reality vol 1 of a seth serves as a gateway into a remarkable philosophical and spiritual landscape. It challenges readers to rethink what they know about themselves and the universe, encouraging an open mind and a willingness to explore beyond the visible. Whether approached as a spiritual guide, a psychological tool, or a fascinating piece of metaphysical literature, it remains a compelling invitation to discover the unknown realities that lie within and around us.

Frequently Asked Questions

What is 'Unknown Reality Vol 1 of A Seth' about?

'Unknown Reality Vol 1 of A Seth' is a book that explores metaphysical concepts, spiritual teachings, and the nature of consciousness, drawing from the teachings attributed to the entity Seth through Jane Roberts.

Who is the author of 'Unknown Reality Vol 1 of A Seth'?

The original teachings of Seth were transcribed by Jane Roberts, but 'Unknown Reality Vol 1 of A Seth' may be a compilation or interpretation based on those sessions.

Is 'Unknown Reality Vol 1 of A Seth' part of a series?

Yes, 'Unknown Reality Vol 1' suggests it is the first volume in a series exploring the Seth material and related metaphysical insights.

Where can I purchase 'Unknown Reality Vol 1 of A Seth'?

The book can typically be found on major online retailers such as Amazon, as well as specialty bookstores focusing on spirituality and metaphysics.

What makes 'Unknown Reality Vol 1 of A Seth' different from other Seth books?

'Unknown Reality Vol 1' may offer a unique interpretation or compilation of Seth's teachings, possibly focusing on lesser-known aspects or new insights not covered in the original Seth books.

Who would benefit from reading 'Unknown Reality Vol 1 of A Seth'?

Readers interested in spirituality, consciousness studies, metaphysics, and the Seth material would find this volume insightful and enriching.

Are there any reviews or feedback on 'Unknown Reality Vol 1 of A Seth'?

Reviews highlight the book's deep spiritual insights and its ability to challenge conventional perceptions of reality, though some readers note it requires an open and patient mindset to fully appreciate.

Additional Resources

****Exploring the Depths of "Unknown Reality Vol 1 of A Seth": A Professional Review****

unknown reality vol 1 of a seth stands as a compelling entry in the realm of metaphysical literature and esoteric knowledge. This volume has attracted attention for its intricate exploration of consciousness, reality, and the underlying structures that govern human perception. As the first installment in what promises to be an enlightening series, it invites readers into a world where conventional understanding is challenged, and new frameworks of thought are proposed. This article delves into the core themes, narrative style, and intellectual contributions of "Unknown Reality Vol 1 of A Seth," offering a comprehensive and analytical perspective.

In-depth Analysis of Unknown Reality Vol 1 of A Seth

"Unknown Reality Vol 1 of A Seth" operates at the intersection of philosophy, spirituality, and quantum physics, weaving together concepts that encourage readers to reconsider the nature of existence. Unlike mainstream scientific texts, this volume adopts a contemplative tone, encouraging introspective inquiry alongside empirical exploration. The author, who remains somewhat enigmatic, presents ideas that resonate with both new seekers and seasoned practitioners of metaphysics.

One of the defining features of this book is its holistic approach to understanding reality. It does not confine itself to a single discipline but rather synthesizes multiple perspectives, ranging from ancient wisdom traditions to modern scientific theories. This multidisciplinary stance enriches the text, making it accessible yet intellectually stimulating.

Core Themes and Philosophical Underpinnings

At the heart of "Unknown Reality Vol 1 of A Seth" lies the exploration of consciousness as a fundamental component of reality. The text posits that what we perceive as the physical world is a manifestation of deeper, often imperceptible layers of existence. This aligns with certain interpretations in quantum mechanics, suggesting that observation and awareness play an integral role in shaping reality.

The volume also addresses the idea of a collective consciousness, proposing that individual experiences are interconnected within a vast, unified field. This concept echoes the teachings found in various spiritual traditions, including Eastern philosophies and Western mysticism. By framing these ideas in a contemporary context, the book bridges the gap between ancient wisdom and modern inquiry.

Writing Style and Accessibility

The narrative style of "Unknown Reality Vol 1 of A Seth" balances scholarly rigor with readability. The prose is articulate, avoiding unnecessary jargon while still conveying complex ideas effectively. This makes the book suitable for a diverse audience, including readers new to metaphysical subjects as well as those with a background in philosophy or science.

However, the density of the material may require a measured approach to reading. Unlike casual self-help books, this volume demands active engagement and reflection. Readers are encouraged to pause and contemplate the concepts presented, which enhances the immersive quality of the text.

Comparative Context and Market Position

When compared to other works in the genre, "Unknown Reality Vol 1 of A Seth" differentiates itself through its unique blend of scientific inquiry and spiritual insight. While many metaphysical books focus predominantly on either esoteric teachings or empirical science, this volume navigates both terrains with a deft hand.

For instance, works like "The Holographic Universe" by Michael Talbot or "The Tao of Physics" by Fritjof Capra share thematic similarities but tend to lean more heavily on either scientific explanations or philosophical musings. In contrast, "Unknown Reality Vol 1 of A Seth" maintains a balanced perspective, making it a valuable resource for readers seeking comprehensive coverage.

Pros and Cons

- **Pros:**

- Integrates diverse disciplines into a coherent narrative
- Encourages deep reflection on consciousness and reality
- Accessible writing style without oversimplification
- Stimulates intellectual curiosity and spiritual inquiry

- **Cons:**

- Complex concepts may be challenging for casual readers
- Some ideas may appear speculative without extensive empirical support
- The enigmatic authorship can be unsettling for those preferring transparent credentials

Relevance and Impact in Contemporary Discourse

In an era where the boundaries between science and spirituality are increasingly blurred, "Unknown Reality Vol 1 of A Seth" contributes meaningfully to ongoing dialogues about the nature of human experience. The book aligns with a growing interest in topics such as consciousness studies, non-duality, and the integration of ancient knowledge with modern science.

Its impact is notable among communities engaged in personal development, holistic health, and philosophical inquiry. The volume also serves as a reference point for educators and researchers exploring interdisciplinary approaches to understanding reality.

Integration with Broader Metaphysical Literature

"Unknown Reality Vol 1 of A Seth" complements existing metaphysical literature by filling gaps between purely theoretical and experiential approaches. It invites readers to consider reality not as a fixed construct but as an evolving phenomenon influenced by perception, intention, and collective awareness.

This approach encourages a dynamic engagement with the material, where readers are not passive recipients but active participants in the unfolding exploration of existence. Such engagement fosters a deeper appreciation for the complexities and mysteries that define the "unknown reality."

As the series progresses, anticipation builds around how subsequent volumes will expand upon the foundations laid in this first installment. The potential for further elucidation of themes such as multidimensionality, the role of thought in shaping the cosmos, and the interplay between mind and matter promises to captivate a growing audience.

In this context, "Unknown Reality Vol 1 of A Seth" establishes itself as more than a mere book—it becomes a gateway to a transformative journey into the essence of being.

Unknown Reality Vol 1 Of A Seth

unknown reality vol 1 of a seth: *The Unknown Reality, Volume One* Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this mind-stretching journey into the very frontiers of consciousness, Seth reveals the multidimensional nature of the human soul. In Seth Speaks, Seth introduced the concept of "probable realities," in which our idle daydreams and unfulfilled impulses do take place, in which all possible choices are fully experienced by other portions of the self. Now in this first volume of The "Unknown" Reality, Seth explains the dazzling labyrinths of unseen probabilities involved in any decision, and how our awareness of these can enrich the waking life we know. In a fascinating exploration of the cosmic web of our existence, Seth reveals: • The purpose of dreams, and how they are often fulfilled unconsciously • Misconceptions about death and the afterlife • How different probable realities intersect and influence one another • The relationship between physical health and inner reality • A series of exercises to help you discover the unknown portions of your greater identity "The self is multidimensional when it is physically alive. It is a triumph of spiritual and psychological identity, ever choosing from a myriad of probable realities its own clear unassailable focus. When you don't realize this, then you project upon life after death all of the old misconceptions. . . . The fact is that in life you poise delicately and yet perfectly between realities, and after death you do the same." —Jane Roberts, Speaking for Seth

unknown reality vol 1 of a seth: The Unknown Reality, Volume One Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this mind-stretching journey into the very frontiers of consciousness, Seth reveals the multidimensional nature of the human soul. In Seth Speaks, Seth introduced the concept of "probable realities," in which our idle daydreams and unfulfilled impulses do take place, in which all possible choices are fully experienced by other portions of the self. Now in this first volume of The "Unknown" Reality, Seth explains the dazzling labyrinths of unseen probabilities involved in any decision, and how our awareness of these can enrich the waking life we know. unknown reality vol 1 of a seth: *The "unknown" Reality* Jane Roberts, Seth, 1977

unknown reality vol 1 of a seth: *The Unknown Reality, Vol 2* Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks In this second volume of The "Unknown" Reality, Seth

radically expands our conceptions of “self,” by showing us that the human personality is literally infinite in its scope and potential. He discloses precisely how probable realities combine to create our waking lives, and how our “higher selves” make decisions regarding our everyday existence. In a far-reaching exploration of the dynamics of desire and free will, he asserts that each atom, molecule, and cell has its own consciousness and powers of choice. With humor and simple analogies, Seth leads us beyond our ordinary level of awareness into a spectacular discovery of the multidimensional nature of the self, including: • “Consciousness units” as the basis of our universe • The relevance of extrasensory perception in understanding our world • The worlds we visit in dreams and out-of-body states • Dreaming as a science to create present and future realities • “Families of consciousness” we choose to belong to • Practical methods for exploring your own “unknown” reality “There is an “unknown” reality. I am part of it, and so are you . . . Each individual is a part of the unknown reality . . . To explore the unknown reality you must venture within your own psyche, travel inward through invisible roads as you journey outward on physical ones . . . I hope that [in this book] the reader can see the greater dimensions that touch ordinary living, and sense the psyche’s greater magic.” — Jane Roberts, *Speaking for Seth*

unknown reality vol 1 of a seth: *The Unknown Reality, Vol 2* Jane Roberts, 2011-07-08 From the Bestselling Author of *Seth Speaks* In this second volume of The “Unknown” Reality, Seth radically expands our conceptions of “self,” by showing us that the human personality is literally infinite in its scope and potential. He discloses precisely how probable realities combine to create our waking lives, and how our “higher selves” make decisions regarding our everyday existence. In a far-reaching exploration of the dynamics of desire and free will, he asserts that each atom, molecule, and cell has its own consciousness and powers of choice. With humor and simple analogies, Seth leads us beyond our ordinary level of awareness into a spectacular discovery of the multidimensional nature of the self, including: • “Consciousness units” as the basis of our universe • The relevance of extrasensory perception in understanding our world • The worlds we visit in dreams and out-of-body states • Dreaming as a science to create present and future realities • “Families of consciousness” we choose to belong to • Practical methods for exploring your own “unknown” reality “There is an “unknown” reality. I hope that [in this book] the reader can see the greater dimensions that touch ordinary living, and sense the psyche’s greater magic.” — Jane Roberts, *Speaking for Seth*

unknown reality vol 1 of a seth: *Soul Sight: Projections of Consciousness and Out of Body Epiphanies* Mary Barton, 2008-11-05 In her riveting book, Barton vividly depicts her voyage of discovery through time and space. Her first spontaneous out-of-body experience so shattered her beliefs about reality that she began a thorough investigation that would ultimately lead her to learn to leave her body virtually at will. Thirty years later she is finally prepared to reveal what she learned in her trial by fire.

unknown reality vol 1 of a seth: Channeling Jon Klimo, 1998-04-17 In this study of channeling, earlier called spirit communication or mediumship, Klimo, who teaches at Rosebridge Graduate School in the San Francisco Bay Area, writes with clarity about the communication of information to or through a physically embodied human being from a source...on some other level or dimension of reality other than the physical as we know it. He profiles recent channels and their sources, goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses, Solomon, Muhammad, Merlin, Nostradamus, Swedenborg and Edgar Cayce. He discusses the sorts of people who are channels, kinds of information channeled, sources of information channeled and varieties of channeling like clairvoyance and automatic writing. According to Klimo, few people tap into their abilities to perform channeling and for those who think they can, he serves as guide.

unknown reality vol 1 of a seth: *Acorns: Windows High-Tide Foghat* Joshua Morris, 2013-01-23 *Acorns* delineates the future of humanity as a reunification of intellect with the Deep

Self. Having chosen to focus upon ego (established securely by the time of Christ), much more beta brain wave development will destroy our species and others, which process has already begun. We create our own realities through beliefs, intents and desires and we were in and out of probabilities constantly. Feelings follow beliefs, not the other way around.

unknown reality vol 1 of a seth: Seth Speaks Seth (Spirit), Jane Roberts, 1994 Seth dictates his startling view of the universe through channeler Jane Roberts.

unknown reality vol 1 of a seth: Living Magically Gill Edwards, 2012-03-29 Living Magically is a book that has changed countless lives. In this lively and inspiring guide to the tools and techniques of metaphysics, Gill Edwards outlines a spiritually-based psychology for the times that we live in. Taking a practical self-help approach, Living Magically will help you to: Rediscover your inner wisdom; Break through your fears, blockages and limitations; Let go of the past and reach for the future; Grow through love and joy, rather than pain and struggle; Heal your inner child; 'Listen to the whispers' from your Higher Self; Make your dreams come true

unknown reality vol 1 of a seth: Stepping Into The Magic Gill Edwards, 2012-03-29 Developing the ideas contained in her first book, LIVING MAGICALLY, Gill Edwards presents a new approach to everyday life which questions our old assumptions and introduces a new vision of reality. STEPPING INTO THE MAGIC is about having a foot in both worlds - walking with the right foot in the practical reality of everyday life, while using the left to tread the world of the shaman, mystic, visionary, map-maker and co-creator. Learn how to: * Create success in your life * Grow through joy rather than struggle * Harmonise your three inner selves * Develop your psychic skills * Fulfil your true potential By blending the two worlds into one, we begin to heal the age old divisions between spirit and matter, earth and heaven, masculine and feminine, individuality and oneness.

unknown reality vol 1 of a seth: Dreams, Evolution, and Value Fulfillment, Vol 1 Jane Roberts, 2011-07-08 From the Bestselling Author of Seth Speaks and The Nature of Personal Reality In this first volume of Dreams, "Evolution," and Value Fulfillment, Seth takes us on an odyssey to identify the origins of our universe and our species. He asserts that "consciousness units" form the basis of all energy and matter, and charts a conscious, self-aware universe that is constantly recreated by our own thoughts, dreams, and desires. Illuminating the part that humans play in the greater scheme of things, he suggests that we are alive not only for the continuation of the species but to add to the very quality of life itself. Other fascinating topics include: · The role dreams play in the creation of language and technology · The relationship between genetic heritage and reincarnation · How creativity provides a link with the source of all existence · The true power of the imagination, and the importance of broadening its scope · A discussion of "value fulfillment" — or the yearning to enhance the quality of life — as a fundamental desire in all life forms Stimulating and provocative, this long-awaited book answers crucial questions about the entire significance of Seth's system of thought. "When I speak of the dream world, I am not referring to some imaginary realm, but to the kind of world of ideas, of thoughts, of mental actions, out of which all form as you think of it emerges. In actuality, this is an inner universe rather than an inner world. Your physical reality is but one materialization of that inner organization." — Jane Roberts, Speaking for Seth

unknown reality vol 1 of a seth: 21st Century Practical Spiritual Metaphysic Guide Book for Atheist S and Agnostics Joel Gonzalez, 2011-03-01 This is a guide book for the individual who has always shied away from all occult subjects, such as religion, magic, astrology, metaphysics, spiritual anything, and for the beginner into all of these subjects who wished to expedite his/her learning with the latest up to date information. It offers leads for the beginner interested in understanding the merger between science and the occult spiritual subjects, and a reference of where to get started in the search for the ultimate truth. This book also provides references of where to find up to date information, based on scientific evidence of what is going on with our planet earth, and what to expect in the coming years leading to December 21, 2012. This book provides scientific and practical ways of understanding the universe; TOOLS to help YOU LIVE life TO ITS FULLEST and with EXCELLENT HEALTH!!!

unknown reality vol 1 of a seth: Advancing in Enlightenment Gail M. Knox, 2017-09-11

Advancing in Enlightenment contains forty-four years of metaphysical study of the most profound channeled teachings from five of America's teachers with the highest integrity. With seven simple chapters, this book combines the wisdom of the ages to master the physical reality that surrounds you to personally improve your life. Spiritual knowledge allows one to manifest the life of one's dreams in balance with inner peace while projecting that peaceful state out to the rest of world.

unknown reality vol 1 of a seth: The Qualia Revolution Peter Wilberg, 2004-04 The most fundamental scientific fact is not the existence of the physical universe, but our awareness of that universe. Not even the most advanced physics, physiology or psychology, however, can explain even the most elementary qualities of our sensory awareness of that universe - qualities such as redness for example. Qualia used to be defined as sensory qualities such as colour and tone. But what if awareness is not an empty receptacle for sensory impressions, but has its own intrinsic sensual qualities - of the sort we experience as the inwardly sensed shape and substantiality of our bodies, the sensed lightness or darkness colour or tone of our moods, or a sensed feeling of warmth or coolness, closeness or distance to another human being? What if such sensual qualities of awareness are intrinsically meaningful - being the felt essence of meaning or sense? is not energetic quanta but qualia in this sense - sensed and sensual qualities of awareness - that are the basic stuff of which the universe is composed. It argues that qualia are not simply qualities of our own human awareness but fundamental units of awareness. Atoms, molecules and cells are recognised as the physical form taken by field-patterns of atomic, molecular and cellular awareness composed of such units. The soul is understood as an ever-changing gestalt of such units, each of which possess characteristics of both unit and field, particle and wave - allowing the soul-qualities of our own awareness to mix and merge with those of all other beings.

unknown reality vol 1 of a seth: It's About You! Chris Johnson, 2013-06-28 The ultimate guide to who you are, why you are here, and the tools you use to create your reality. ,

unknown reality vol 1 of a seth: The Outline of Parapsychology Jesse Hong Xiong, 2009-11-09 This is a work of systematic parapsychology. The book aims to construct a framework and system of parapsychology, taking a comprehensive approach to the field. The Outline of Parapsychology states that parapsychology has a different philosophical background from the existing science and religions, and posits that pantheism could be the theoretical basis of parapsychology. The book also integrates parapsychology with oriental philosophies and New Age movement thought.

unknown reality vol 1 of a seth: *The Practical Psychic* John Friedlander, 2025-09-12 Human beings have always longed for more power over their lives. The allure of becoming psychic is a reflection of this wish one that has persisted through centuries and across cultures. It is the premise of this book that mankind's wish has already been granted.

unknown reality vol 1 of a seth: The Discovery of Parallel Universes Richard Lighthouse, This short paper presents information into technology that has been used to move between two parallel universes. Described here are the possible technology characteristics of glowing orbs or balls of light, which have been photographed and filmed, all over the world and often near crop circles. By utilizing the blinking frequency of our universe, it is possible to move between universes. These orbs have been reported as glowing and/or pulsing and some appear to be 12 to 14 inches in diameter. The only unknown at present, is the exact value for the blinking frequency of our universe - the Lighthouse Frequency. Each reader must comprehend that our universe is blinking off and on, more than 1 trillion times every second.

unknown reality vol 1 of a seth: 75 Lives of Haran Haran, 2010-10 75 Lives of Haran provides new insights into reincarnation and the topics of karma and the soul. This intriguing and highly spiritual book chronicles the author's true experiences. It is a story full of 'coincidences' which determined the course of events in his multiple past and upcoming lives. These lives occur over a great span of time, from the dawn of mankind to the distant future. Through these identities, Haran has experienced everything from the mundane to the exalted; great success to crushing failure; plain and straightforward occurrences; along with complex, strange, and bizarre events. Haran also shares with the reader his interactions with the past and the future, and direct contact

between some of his lives. 75 Lives of Haran gives the reader a greater understanding of our true nature and the complexity of spiritual reality. The past-life regressions highlighted in the book encourage and empower us to live our lives with meaning and purpose. About the Author: Haran lives outside of Johannesburg in South Africa and is a retired engineer. He is inspired by men and women with great spiritual insights and understanding, who become living examples of their beliefs. Haran is working on his next book, The Purpose of Life.
