Prior to the album, Jay-Z and West had collaborated on their respective singles and with West as a producer on Jay-Z's work. As long time friends, they originally sought out to record a 5 song EP together, but the project eventually evolved into a full length album. Music writers interpreted the album's subject matter to concern the rappers' plight as African Americans struggling with financial success in America. The album spawned seven singles, including the international hits Otis, Niggas in Paris and No Church in the Wild, which all received music videos. H A M and Gotta Have It...
