

cool off lyrics and chords

****Cool Off Lyrics and Chords: A Guide for Musicians and Fans****

cool off lyrics and chords have become a popular search among music enthusiasts and guitar players eager to learn new songs and expand their repertoire. Whether you're a beginner looking to practice your chord transitions or an experienced musician aiming to cover fresh tracks, understanding the nuances of lyrics paired with chords can truly elevate your playing experience. In this article, we'll explore everything you need to know about cool off lyrics and chords, including how to play them, interpret their meaning, and even tips to personalize your rendition.

Understanding Cool Off Lyrics and Chords

At its core, "cool off" as a phrase in music often evokes themes of calming down, taking a break, or reflecting on emotions. When paired with chords, these lyrics can form songs that are both soothing and expressive. Learning these lyrics alongside the right chords helps convey the mood intended by the songwriter.

The Importance of Matching Lyrics with Chords

Lyrics tell a story or express feelings, while chords provide the emotional backdrop. For instance, soft chords like Am, Dm, or F major can enhance melancholic or introspective lyrics, whereas upbeat chords such as C, G, and E major can add energy and brightness. When working with cool off lyrics and chords, the goal is to create a harmonious blend that resonates with listeners.

Common Chords Used in Cool Off Songs

Many songs under the "cool off" theme or similar vibes use a set of chords that are beginner-friendly yet rich in tone. Here are some chords frequently found in these types of songs:

- **Am (A minor):** Offers a soft, melancholic tone perfect for reflective lyrics.
- **C Major:** Bright and uplifting, often paired with hopeful or positive lyrics.

- **G Major:** Adds warmth and familiarity, ideal for stories about connection or resolution.
- **F Major:** Slightly more complex, provides fullness to the sound, supporting emotional depth.
- **Dm (D minor):** Another minor chord that conveys somber or serious moods.

These chords can be combined in various progressions to suit different sections of the song—verses, choruses, and bridges—helping musicians emphasize the emotional trajectory of the lyrics.

Example Chord Progression for a “Cool Off” Theme

A popular progression that works well with cool off lyrics might be:

Am - F - C - G

This sequence is smooth and cyclical, creating a calming effect that aligns with the idea of “cooling off” or calming down after emotional turmoil.

Playing Cool Off Lyrics and Chords on Guitar

For guitarists, playing cool off lyrics and chords effectively means mastering chord transitions and rhythm patterns that reflect the mood of the song.

Tips for Smooth Chord Changes

- **Practice slowly:** Start by switching between two chords at a time, gradually increasing speed.
- **Use a metronome:** Keeping a consistent rhythm helps maintain the song’s tempo and feel.
- **Focus on finger placement:** Minimizing finger movement between chords can make changes seamless.

Strumming Patterns for a Relaxed Vibe

To complement cool off lyrics, strumming patterns often lean towards gentle and steady rhythms. A common pattern might be:

Down - Down - Up - Up - Down - Up

This strumming sequence provides a flowing, relaxed feel that supports the emotional tone of the lyrics without overpowering them.

Interpreting the Meaning Behind Cool Off Lyrics

Lyrics that include the phrase “cool off” typically address themes of emotional release, conflict resolution, or self-care. Understanding the song’s message can help musicians deliver a more heartfelt performance.

Common Themes in Cool Off Songs

- **Letting go of anger:** Taking a moment to calm down before reacting.
- **Reflection and healing:** Using downtime to think through personal challenges.
- **Relationship dynamics:** Sometimes “cooling off” refers to needing space in a relationship.

By connecting with these themes, performers can bring authenticity to their covers or original compositions inspired by cool off lyrics and chords.

Where to Find Accurate Cool Off Lyrics and Chords

With so many versions of songs floating around the internet, it can be tricky to find accurate lyrics and chords that match the original or intended arrangement. Here are a few trusted resources:

- **Official artist websites:** Many musicians publish their own sheet music or chord charts.

- **Reputable chord databases:** Websites like Ultimate Guitar or Chordify often have user-rated versions.
- **YouTube tutorials:** Visual lessons can be incredibly helpful for seeing finger placements and strumming in action.

Cross-referencing between multiple sources can ensure you're learning the correct version, especially if you want to perform or record the song.

Personalizing Your Performance of Cool Off Lyrics and Chords

Once you've learned the basic chords and lyrics, adding your own touch can make the song truly your own. Here are some ideas to experiment with:

Try Different Keys

Transposing the song to a key that fits your vocal range can make singing more comfortable and natural. Tools like capo placement on the guitar can help achieve this without relearning chords.

Experiment with Tempo and Dynamics

Slowing down or speeding up the song slightly can change its mood significantly. Similarly, playing softly in verses and louder in choruses adds emotional contrast that engages listeners.

Add Instrumentation

If you play multiple instruments or collaborate with others, consider introducing piano, percussion, or harmonies to enrich the soundscape around your cool off lyrics and chords.

Exploring cool off lyrics and chords opens up a world of musical expression centered around calming themes and emotional introspection. Whether you're learning for fun or aiming to perform, understanding the relationship between lyrics and chords and practicing thoughtful interpretation can make your music resonate deeply. So grab your guitar, pull up the lyrics, and start cooling off with your own heartfelt rendition.

Frequently Asked Questions

What are the chords used in the song 'Cool Off'?

The chords used in 'Cool Off' typically include Am, F, C, and G, but this can vary slightly depending on the version or arrangement.

Where can I find accurate lyrics and chords for 'Cool Off'?

Accurate lyrics and chords for 'Cool Off' can be found on popular music sites like Ultimate Guitar, AZ Lyrics, or official artist pages.

How can I play the intro chord progression for 'Cool Off' on guitar?

To play the intro of 'Cool Off', start with the Am chord, then transition smoothly to F, followed by C and G, using a soft strumming pattern.

Are there any tips for singing along while playing 'Cool Off' chords?

Yes, practice the chord transitions slowly first, then try singing the lyrics softly while maintaining the rhythm before speeding up to the song's tempo.

Is there a capo position recommended for playing 'Cool Off'?

Many players use a capo on the 3rd fret to match the original key of 'Cool Off' and make chord shapes easier to play.

Can I find a video tutorial for 'Cool Off' chords and lyrics?

Yes, YouTube has several tutorial videos that demonstrate how to play 'Cool Off' with chords and sing along with the lyrics.

Additional Resources

Cool Off Lyrics and Chords: An In-Depth Exploration of Its Musical Composition and Impact

cool off lyrics and chords represent a distinct intersection of lyrical narrative and harmonic structure that has captivated a diverse audience since its release. This phrase often leads musicians and enthusiasts alike to delve

into the song's textual themes and the accompanying chord progressions that give it emotional depth and resonance. Understanding the mechanics behind cool off lyrics and chords offers a window into how music and words can synergize to create memorable auditory experiences.

Understanding the Composition: The Role of Lyrics and Chords

At the heart of any impactful song lies the relationship between lyrics and chords. Lyrics convey the message, feelings, and stories, while chords provide the harmonic support that colors these narratives with mood and tone. When exploring cool off lyrics and chords, one must appreciate how each element complements the other to form a cohesive whole.

Lyrics in this context often evoke themes of emotional release, tension, and relief – concepts that are mirrored by the musical arrangement. The chords chosen typically oscillate between minor and major tonalities, creating a dynamic soundscape that encapsulates the lyrical sentiment. The use of suspended or seventh chords, for example, can add a layer of complexity and emotional nuance, enhancing the listener's engagement.

The Significance of Chord Progressions in "Cool Off"

The chord progression in songs categorized under cool off lyrics and chords generally follows patterns that are both accessible and evocative. Common progressions such as I-IV-V or vi-IV-I-V serve as a foundation, but the subtle incorporation of variations like add9 or minor 7th chords enrich the texture.

These progressions not only facilitate ease of play for guitarists and pianists but also contribute to the song's overall feel. For instance, a progression starting in a major key but quickly transitioning to its relative minor can simulate the emotional "cooling off" process—moving from heated intensity to calm resolution.

Analyzing the Lyricism: Themes and Tone

Cool off lyrics often encapsulate moments of conflict, introspection, or emotional detachment. The language used tends to be straightforward yet poignant, allowing listeners to relate personally without feeling overwhelmed by complexity. This accessibility is a key reason why the phrase cool off lyrics and chords has garnered attention among both amateur and professional musicians.

Themes such as heartbreak, self-reflection, or the desire to step back from a turbulent situation are common. The tone can range from melancholic to hopeful, depending on the chordal backdrop and vocal delivery. This duality is what makes these songs versatile and impactful.

Practical Application: Playing Cool Off Lyrics and Chords

For musicians seeking to learn or cover songs with cool off lyrics and chords, understanding the chord shapes, transitions, and rhythm is essential. Many tutorials and chord charts are available online, highlighting finger positioning and strumming patterns tailored to replicate the song's original feel.

Common Chords Used in Cool Off Songs

- **C major**: Often the tonic, providing a stable harmonic base.
- **Am (A minor)**: Adds a melancholic or introspective quality.
- **F major**: Offers a warm, full-bodied sound that supports lyrical emotion.
- **G major**: Injects brightness and resolution in progressions.
- **Dm (D minor)**: Introduces subtle tension and depth.

Mastering these chords and their transitions is critical for capturing the essence of cool off lyrics and chords in performance.

Techniques to Enhance Performance

Beyond the basic chords, musicians often employ techniques such as palm muting, fingerpicking, or syncopated strumming to add texture and expressiveness. These methods help to emulate the song's mood and complement the lyrical content.

Comparing Cool Off Lyrics and Chords Across

Genres

The concept of cool off lyrics and chords transcends a single genre, appearing in pop, indie, blues, and even alternative rock. Each genre approaches the interplay between words and harmony uniquely, influencing how the song is perceived and experienced.

In pop music, cool off lyrics are often paired with catchy, upbeat chord progressions that belie the more serious themes within the text. Conversely, indie or alternative genres might favor more complex or unconventional chord sequences that emphasize emotional rawness.

Blues interpretations of cool off lyrics frequently utilize the classic 12-bar blues progression, lending a gritty, soulful feel that aligns with themes of struggle and release. This adaptability across styles demonstrates the universal appeal of the phrase and its musical implementation.

Pros and Cons of Different Approaches

- **Pop Style:** Pros – Accessible and radio-friendly; Cons – May oversimplify complex emotions.
- **Indie/Alternative:** Pros – Deeply expressive and innovative; Cons – Can be challenging for novice musicians.
- **Blues:** Pros – Rich emotional delivery; Cons – May feel repetitive to some listeners.

Such diversity ensures that cool off lyrics and chords remain a fertile ground for creative exploration.

Resources for Learning and Mastery

Musicians interested in mastering cool off lyrics and chords can benefit from a variety of resources:

1. **Online Chord Libraries:** Websites offering free and paid chord charts and tabs.
2. **Video Tutorials:** Step-by-step guides on platforms like YouTube focusing on chord transitions and strumming patterns.

3. **Songbooks:** Printed collections that provide official lyrics and chords for practice.
4. **Music Theory Courses:** Educational programs that explain the relationship between lyrics, chords, and song structure.

Engaging with these resources can deepen understanding and improve performance capabilities related to cool off lyrics and chords.

The exploration of cool off lyrics and chords reveals the intricate balance between storytelling and musicality. By dissecting chord progressions, lyrical themes, and genre-specific interpretations, one gains a richer appreciation of how songs can resonate emotionally and technically. Whether for casual listeners or dedicated musicians, this fusion remains an enduring and compelling aspect of contemporary music.

much more.

cool off lyrics and chords: Chill Out Brian Gaull, 2013-10-23 As a small boy, the protagonist dreams of the ultimate adventure of sailing to Antarctica as a researcher. This book is about how this dream came true many years later. It tells the story of the struggles leaving his young family in Australia and his subsequent survival in this extreme environment. It relates to the reader that scientists are no different from anyone else in that they have physical, emotional and sometimes spiritual needs. It provides a unique insight into the minds and lives of the several inimitable characters that are entwined into the story. In his role as geophysicist at Mawson Station, Big Dee strives to make a difference; he is not happy with just routine collection of seismological and magnetic data. In his quest, he seizes an opportunity to demonstrate that peoples lives are at risk every time they venture onto the sea-ice that surrounds the continent: some of the gigantic outlet glaciers into the Southern Ocean are not easily identifiable to passing traffic. Consequently, when he showed the link between the signals portrayed on the Mawson seismograph and catastrophic iceberg calving events from such outlets, he felt vindicated. He knew that this link could provide an early warning signal to those wanting to venture out across the sea-ice near to these potentially dangerous sites. His relationship with some of his fellow Antarcticans provide plenty of amusing anecdotal material, but underneath this apparent success story, is a gripping and tenuous relationship back home.

cool off lyrics and chords: Rockrgl , 2002

cool off lyrics and chords: Elton John Album by Album Dale DeBakcsy, 2025-05-30 Guides readers through Elton John's extensive discography, revealing the stories, musical intricacies, and hidden meanings behind his legendary albums. In 1969, Elton John and Bernie Taupin gave the world Empty Sky, a heady mix of rock, folk, rhythm and blues, jazz, psychedelia, and classicism that announced the arrival of one of the most potent creative teams in the history of popular music. In the fifty-five years since that release, Elton's astounding output of thirty-one studio albums, nine soundtrack albums (ten if you count the unreleased Lestat!), and three collaboration albums has enchanted new generations, as grandparents who grew up with Your Song and Goodbye Yellow Brick Road on their turntables have shared their love of Elton with parents who played Sacrifice and The One on their cd players who in turn are sharing it with their children who know The Lion King soundtrack by heart and dance to Cold Cold Heart in their bedrooms through Spotify playlists and YouTube remixes. Elton John: Album by Album takes you on a guided journey through those forty-four albums that have engaged three full generations of music lovers, exploring the history behind the production of each, uncovering the hidden stories and meanings of each track, and delving into the musical nuts and bolts of Elton John's unique gift for conveying the meaning of Bernie Taupin's lyrics through his unrivalled and almost otherworldly sense of tonal architecture. Whether you have been spinning Elton records since the days of Lady Samantha, or found your way to his work in the post-Rocketman revival of appreciation for his legendary career, Elton John: Album by Album has what you need to navigate your way through the vast richness of his recorded catalogue, allowing you to answer such questions as How did Ray Cooper make a gong sound like a spaceship?, Why is Ego in Lokrian mode anyway? and Just what is the Pilot, and why would anybody want to be taken there?

cool off lyrics and chords: Popular Music Genres Stuart Borthwick, Ron Moy, 2020-04-15 An accessible introduction to the study of popular music, this book takes a schematic approach to a range of popular music genres, and examines them in terms of their antecedents, histories, visual aesthetics, and sociopolitical contexts. Within this interdisciplinary and genre-based focus, readers will gain insights into the relationships between popular music, cultural history, economics, politics, iconography, production techniques, technology, marketing, and musical structure.

cool off lyrics and chords: Momentous Events in the Life of a Cactus Dusti Bowling, 2019-09-17 "High School. Two words that struck fear into the heart of every armless middle schooler I knew. Which was me. And like two people online." The sequel to the critically acclaimed Insignificant Events in the Life of a Cactus follows Aven Green as she confronts yet another

challenge: high school. "Those preparing to 'slay the sucktastic beast known as high school' will particularly appreciate this spirited read." —Kirkus (Starred review) Just as Aven starts to feel comfortable in Stagecoach Pass, with her friends and schoolmates accustomed to her lack of "armage," everything changes once again. She's about to begin high school . . . with 3,000 new kids to stare at her. And no matter how much Aven tries to play it cool, nothing prepares her for the reality. In a year filled with confusion, humiliation, and just maybe love, can Aven manage to stay true to herself?

cool off lyrics and chords: The Underdogs Sara Hammel, 2016-05-31 A shy, overweight 12-year-old & her best friend take on the case of a popular 16-year-old who died mysteriously--leading to a breathtaking surprise twist.

cool off lyrics and chords: Titans of Bass KJ Jensen, 2022-08-01 Titans of Bass: The Tactics, Habits, and Routines from over 130 of the World's Best reveals the experiences of over 130 of the world's top bassists to help the beginning bassist learn and play their first song. Picking up an instrument for the first time can be a confusing, frustrating experience, but KJ Jensen consulted the best players to give readers an inside look and a running start at the bass guitar. Navigate the first steps of taking on the bass, such as which songs to learn, what to practice every day to enhance skills, and which musicians to emulate. From over 130 interviews of the best bassists, KJ Jensen lends the perspectives of musical heroes on how they conquered the bass. Titans of Bass includes interviews with bass wizards such as Justin Chancellor (Tool), Billy Sheehan, Ron Carter, John Patitucci, Geezer Butler (Black Sabbath), Nathan East, Snow Owl, Abraham Laboriel, Sean Lennon, Leland Sklar, George Porter Jr., Christian McBride, Jack Casady, Stuart Hamm, Verdine White, Bill Laswell, and over 125 more.

cool off lyrics and chords: The Why Martin Hancock, 2018-03-15 The stories of managers and record companies who ripped bands off, are legendary. But what about those bands whose fiery arc to stardom fizzled out? Bands that, having got a single into the charts, failed to follow it up. What if the music had been more important than the money? The Why was just such a band. But there was something else. Not the lack of talent, nor the potential for hit singles. Something that was much darker and sinister, and it broke The Why up. Fifty years after they split up, lead guitarist in The Why, Dave Waters, attempts to get the band back together. One last shot at success. But a mystery concerning the death of their manager, Monty Schneider, fifty years before becomes an obsession. Was it just an accident? Or, was he murdered? And if he was, who in the band was the murderer? What was the secret that split up The Why?

cool off lyrics and chords: Rock N Roll Gold Rush Maury Dean, 2003 An appreciation of Rock-n-Roll, song by song, from its roots and its inspirations to its divergent recent trends. A work of rough genius; DeanOCO's attempt to make connections though time and across genres is laudable.

cool off lyrics and chords: Bob Dylan Timothy Hampton, 2020-09-01 A career-spanning account of the artistry and politics of Bob Dylan's songwriting Bob Dylan's reception of the 2016 Nobel Prize for Literature has elevated him beyond the world of popular music, establishing him as a major modern artist. However, until now, no study of his career has focused on the details and nuances of the songs, showing how they work as artistic statements designed to create meaning and elicit emotion. Bob Dylan: How the Songs Work (originally published as Bob Dylan's Poetics) is the first comprehensive book on both the poetics and politics of Dylan's compositions. It studies Dylan, not as a pop hero, but as an artist, as a maker of songs. Focusing on the interplay of music and lyric, it traces Dylan's innovative use of musical form, his complex manipulation of poetic diction, and his dialogues with other artists, from Woody Guthrie to Arthur Rimbaud. Moving from Dylan's earliest experiments with the blues, through his mastery of rock and country, up to his densely allusive recent recordings, Timothy Hampton offers a detailed account of Dylan's achievement. Locating Dylan in the long history of artistic modernism, the book studies the relationship between form, genre, and the political and social themes that crisscross Dylan's work. Bob Dylan: How the Songs Work offers both a nuanced engagement with the work of a major artist and a meditation on the contribution of song at times of political and social change.

cool off lyrics and chords: Judas Priest Martin Popoff, 2024-11-12 Required reading for any metalhead, this collection of entertaining illustrated conversations spans all of Judas Priest's studio albums, right up through 2024's *Invincible Shield*. In *Judas Priest: Album by Album*, prolific rock journalist Martin Popoff pays tribute to Judas Priest's discography through a series of in-depth and fascinating conversations about all 19 of the legendary British heavy metal band's studio albums. Inside, Popoff gathers together musicians and metal journalists who offer insights, opinions, and anecdotes about each release. The interviewees include names like Slash (Guns N' Roses), Marty Friedman (Megadeth), Charlie Benante (Anthrax), Todd La Torre (Queensrÿche), Bobby Ellsworth (Overkill), and more. Popoff also includes sidebars that provide complete track listings, details on album personnel, and information on where and when the albums were recorded. Richly illustrated with thoughtfully curated performance and offstage photography, as well as rare memorabilia, the conversations comprise a unique historical overview of the band, covering: Legendary guitarists K. K. Downing and Glenn Tipton The work of iconic lead singer Rob Halford The roles of various producers in the band's discography Mega tours undertaken in support of the LPs And much more—even controversies surrounding the band are covered. Reexamine the rich catalog of these metal masters with this entertaining and insightful album-by-album exploration.

cool off lyrics and chords: Strike Out Jordan Ford, Baseball is her life, but a musician is strumming on her heartstrings. Will they strike a bad chord or make the perfect double play? Max Barlow never takes her eyes off the ball. With a rare college baseball scholarship up for grabs, she can't afford to lose focus. But when she accidentally stumbles into the music room on her first day at Armitage High, she can't help but notice the hot guitarist. And he's made it clear he wouldn't mind giving her lessons... Rock star Cairo Hale has a reputation for being able to play his way into any girl's heart. But his streak comes to an end with tomboy baseball player Max. While she makes him promise to keep their lessons a secret, it turns out she's an absolute natural. It looks like Cairo's generous offer has blossomed into so much more... Max is torn between her team responsibilities, her newfound passion for the guitar... and her dreamy tutor. When she can no longer balance her double life, Max must make a choice that could change her future for good...

cool off lyrics and chords: Rumor Has It Magan Vernon, 2018-04-11 She can write a love story, just not her own. Eddie Justice was my neighbor and the boy I'd crushed on all of my life. When he was finally discovered and moved to Nashville, I thought he wouldn't forget me. I was dead wrong. Ten years later and we're both back in small-town Texas for our own painful reasons. Now he thinks we can just pick up where we left off as friends, and maybe more. But I have a way of screwing up my own fairytale and he has a way of leaving when things get bad. Can we both overcome what's holding us back or will the rumors the town church ladies are spreading come true?

cool off lyrics and chords: So You Want to Sing Rock Matt Edwards, 2024-05-13 Matt Edwards, one of the leading voice teachers for commercial music styles, shares his approach to coordinating the voice so that singers can focus on performing. Please visit www.nats.org to access style-specific exercises, audio and video files, and additional resources.

cool off lyrics and chords: CMJ New Music Monthly, 1996-06 *CMJ New Music Monthly*, the first consumer magazine to include a bound-in CD sampler, is the leading publication for the emerging music enthusiast. *NMM* is a monthly magazine with interviews, reviews, and special features. Each magazine comes with a CD of 15-24 songs by well-established bands, unsigned bands

and everything in between. It is published by CMJ Network, Inc.

cool off lyrics and chords: *Danse Macabre* Nancy Kilpatrick, 2020-10-18 This anthology is the most unusual and original collection of stories you'll ever read! It is a literary version of Danse Macabre Plague art. Twenty-six literary reflections that embody those themed, classical artworks devoted to the spectrum of humanity's intriguing interactions with the Angel of Death. -- People die from old age, illness, accident, violence, despair. They can die before they are born. The happy and the sad, the sane and insane, the rich and the poor, the law abiding and the criminal, the genius and the fool, the saint and the sinner. Some face death consciously, others die in their sleep. But we all die and Danse Macabre is a kind of universal melting pot for death. My goal is to create an anthology that is a literary version of the Danse Macabre artwork, showing the same range of humanity in a variety of situations and encounters with death. -- Nancy Kilpatrick Includes works by: Gabriel Boutros, Brad Carson, Suzanne Church, Dan Devine, Lorne Dixon, Tom Dullemond, Opal Edgar, Ian M. Emberson, Edward M. Erdelac, Sabrina Furminger, Stanley S. Hampton, Sr., Brian Hodge, Nancy Holder & Erin Underwood, J. Y. T. Kennedy, Nancy Kilpatrick, Tanith Lee, Brian Lumley, William Meikle, Lisa Morton, Tom Piccirilli, Morgan Dempsey, Timothy Reynolds, Angela Roberts, Lawrence Salani, Lucy Taylor, Bev Vincent, Bill Zaget.

cool off lyrics and chords: *I Know Better Now* Richie Ramone, 2018-11-18 It's 1982 and the Ramones are in a gutter-bound spiral. Following a run of inconsistent albums and deep in the throes of internal tensions, the legendary quartet is about to crash and burn. Enter Richie Ramone. Then a 26-year-old from New Jersey named Richard Reinhardt, he's snapped up by the group to be their new drummer and instantly goes from the obscurity of the underground club scene to membership in the most famous punk-rock band of all time, revitalizing the pioneering outfit with his powerful, precise, and blindingly fast beats - composing classic cuts like the menacing anthem "Somebody Put Something in My Drink" and becoming the only Ramones percussionist to sing lead vocals for the group. With the Ramones, he performs over five hundred shows at venues all around the world and records three storming studio albums - before abruptly quitting the band and going deep underground. To most fans, this crucial figure in the band's history has remained a mystery, his tale untold. Until now. *I Know Better Now: My Life Before, During, and After the Ramones* is the firsthand, four-on-the-floor account of a life in rock 'n' roll and in one of its most influential acts - straight from the sticks of the man who kept the beat.
