liberating paris linda bloodworth thomason: *Why Any Woman* Keira V. Williams, 2023-11-15 Scholars are revisiting the history of feminist activism and organizations, mining it for a revisionist, grassroots gender politics in the South. Why Any Woman advances this line of historical inquiry by focusing on one of the most productive sites of late twentieth-century southern feminisms: popular culture by and about southern women. The nature of popular culture is such that the challenges it poses to the gendered and racial order, for instance, are likely to be consumed—privately, in theaters or at home, alone or with friends or family—by more people than would ever read a feminist manifesto, attend a civil rights demonstration, or lobby a legislator for change. In the cultural desert of the late twentieth-century, pre-internet South, during a time in which there were fewer avenues of activism and organizing, other sources of feminism predominated, and pop culture is where many of us turned for guidance, for role models, and—whether or not we knew it—for consciousness-raising. In a region and during a time of neoconservative backlash in which women's liberation was under attack, southern women's pop culture offered a bridge between the second and third "waves" of feminism and a major challenge to contemporary antifeminist forces. Why Any Woman examines key texts by and about southern women—the play Crimes of the Heart, the novels The Color Purple and Ugly Ways, the films Thelma and Louise and Beloved, the television shows Designing Women and The Oprah Winfrey Show—as a means of understanding the role of regional popular culture in defining and redefining American feminisms as we approached the twenty-first century. Taken as a collective, these texts expand how we think about the whats, wheres, whens, and hows of feminisms in recent U.S. history. Why any woman give a shit what people think is a mystery to me, muses the blueswoman Shug Avery in Alice Walker's The Color Purple. Why Any Woman features southerners who, like Shug, rejected and reshaped gender norms, and their stories illustrate some of the ways regional pop culture has been and still is a crucial site of American feminisms.

liberating paris linda bloodworth thomason: IN THE BEGINNING: Great Opening Lines From Your Favorite Books Hans Bauer, 2023-11-04 Dear Reader, IN THE BEGINNING presents the all-important first sentence of 1,000 famous and not-so-famous novels (plus a handful of short stories). A smorgasbord of popular fiction from around the world, ideally, these opening lines will have a tremendous attraction for lovers of literature everywhere. IN THE BEGINNING is more than just a novelty book. Anyone who loves books not only enjoys being reminded of their favorites, but also delights in finding a good one they've missed. Those who relish reading and writing will savor a collection that brings back memories of beloved books, and often, the times in which they were read. From Virginia Woolf to Tom Wolfe, from Edith Wharton to Stephen King, from Ernest Hemingway to Gabriel Garcia Marquez, masterpieces of world literature are juxtaposed with trendy best-sellers, romances with westerns, classics with cult favorites. Some lines are well-remembered, others rarely recalled; still others are brilliant beginnings from relatively obscure books. But in every case, IN THE BEGINNING confirms how powerful a sentence can be. Bumping into a familiar line from a beloved novel fills the reader's mind with imagery. ("The great fish moved silently through the night water, propelled by short sweeps of its crescent tale." (Jaws, by Peter Benchley). While dazzling openers don't guarantee a worthwhile novel, expectations run high when we're introduced with: "Paint me a railroad station then, ten minutes before dark." (John Cheever's Bullet Park) or "There were 117 psychoanalysts on the Pan-Am flight to Vienna and I'd been psychoanalyzed by at least six of them." (Fear of Flying by Erica Jong). Some books reach their zenith with wonderful first lines that are never matched: "I had this story from one that had no business to tell it to me, or to any other." That's our initial meeting with the Tarzan series. Conversely, some rather mundane opening lines are made better because we know the marvelous story that follows, like B. Traven's Treasure of the Sierra Madre: "The bench on which Dobbs was sitting was not so good." Perhaps not truly

memorable, but a truly unforgettable character, and Bogie didn't do badly by him either. Enjoy. Hans Bauer
