Toll, 2008-03-17 A fluent, intelligent history...give[s] the reader a feel for the human quirks and harsh demands of life at sea.—New York Times Book Review Before the ink was dry on the U.S. Constitution, the establishment of a permanent military became the most divisive issue facing the new government. The founders—particularly Jefferson, Madison, and Adams—debated fiercely. Would a standing army be the thin end of dictatorship? Would a navy protect from pirates or drain the treasury and provoke hostility? Britain alone had hundreds of powerful warships. From the decision to build six heavy frigates, through the cliff-hanger campaign against Tripoli, to the war that shook the world in 1812, Ian W. Toll tells this grand tale with the political insight of Founding Brothers and the narrative flair of Patrick O'Brian.

The chapters in this book address myths about language in general, about first and second language acquisition, about language and society, and about language and thinking. Each chapter concludes with activities for teachers that give examples, exercises, or simple questions that relate directly to teachers' everyday dealings with ELLs and language. How Myths about Language Affect Education is not intended to be a complete introduction to linguistics; it does not contain information on phonetics or complex syntactic explanations, and technical jargon is kept to a minimum. The aim of this book is not to settle language issues but rather to highlight popular misconceptions and the ways that they influence debates regarding language and affect language policies in and out of the classroom.

Although many observers focus Christian Zionism's influence on American foreign policy, or whether or not Christian Zionism is 'truly' religious, *Righteous Gentiles* takes a different approach. Through his creative and critical analysis of Christian Zionists' rhetoric and mythmaking strategies, Durbin demonstrates how they represent their identities and political activities as authentically religious. At the same time, Durbin examines the role that Jews and the state of Israel have as vehicles or empty signifiers through which Christian Zionist truth claims are represented as manifestly real.

White, 2024-09-02 *Engaging Children in Vast Early America* examines the often overlooked roles that children played in moments of contact between Indigenous groups, Europeans, and Africans in North and South America over the course of the seventeenth through nineteenth centuries. Adulthood is the default lens through which most of history is examined. This is because so few historians analyze the age or life stage of those they study. As a result, people of the past are often assumed to be adults when their actions or experiences align more closely with what modern society deems "adultlike." Many of these "assumed adults," however, were agentive children. This collaborative collection is the first of its kind to invite experts in the field of Vast Early America to engage with the history of childhood and youth. The result is nine innovative essays that expand our understanding of childhood and agentive children but also of empire and everyday life in Vast Early America. american legends william l bauer: Chotuna and Chornancap Christopher B. Donnan, 2012-12-31 Christopher Donnan's Chotuna and Chornancap: Excavating an Ancient Peruvian Legend, explores one of the most intriguing oral histories passed down among ancient Peruvians: the legend of Naymlap, the founder of a dynasty that ruled the Lambayeque Valley of northern Peru centuries before European contact. Naymlap is said to have built his palace at a place that many now consider to be the archaeological sites of Chotuna and Chornancap. In an effort to test the validity of the Naymlap legend, Donnan directed extensive archaeological excavations at Chotuna and Chornancap--completing plans of the monumental architecture, mapping and excavating most of the major structures, and developing a chronology for the sites. This book presents the results of these excavations and demonstrates the extent to which the archaeological evidence correlates with the sequence of events described in the Naymlap legend.
