tv guide rochester new york: From Radio to the Big Screen Hal Erickson, 2014-06-11 There was a time when American popular entertainment referred only to radio and motion pictures. With the coming of talking pictures, Hollywood cashed in on the success of big-time network radio by bringing several of the public's favorite broadcast personalities and programs to the screen. The results, though occasionally successful, often proved conclusively that some things are better heard than seen. Concentrating primarily on radio's Golden Age (1926-1962), this lively history discusses the cinematic efforts of airwave stars Rudy Vallee, Amos 'n' Andy, Fred Allen, Joe Penner, Fibber McGee & Molly, Edgar Bergen, Lum & Abner, and many more. Also analyzed are the movie versions

of such radio series as *The Shadow*, *Dr. Christian* and *The Life of Riley*. In addition, two recent films starring contemporary radio headliners Howard Stern and Garrison Keillor are given their due.

tv guide rochester new york: Electronic Media Criticism Peter B. Orlik, 2001 Given the prominence of the electronic media in the 21st century, it is crucial that both media professionals and consumers know how to decipher and evaluate media content, the assumptions on which that content is based, and the constraints to which it is subject. *Electronic Media Criticism* offers a variety of critical approaches to audio and video discourse. Rather than restricting itself to one perspective, the book applies key aesthetic, sociological, philosophical, psychological, structural, and economic principles to arrive at a comprehensive evaluation of both programming and advertising content. Maintaining the approach of the original volume, this second edition includes: * updated chapters to reflect the current media world, including sample reviews and illustrations, * material pertaining to new media--because the book is process-oriented rather than medium-oriented, Internet referents are interspersed in discussion of the various critical perspectives, * two additional scripts for critical analysis--an episode of *The Simpsons* and an installment of the dark Canadian comedy *The Newsroom*, and * new exercises for further practice in applying critical procedures. Orlik interweaves the insights of industry and academic authorities, recognizing that both orientations are essential in the development of a valid and viable critical outlook. Written for media students and practitioners, all readers of this volume will gain feasible and flexible tools for focused and rational analysis of electronic media products, as well as improved understanding of the role and essential ingredients of criticism itself.

tv guide rochester new york: *"Good Night, Chet"* Lyle Johnston, 2003-03-24 "If a judgment were ever rendered on all the multi-million words I have spoken into microphones, I hope something like this could be said: 'He [Huntley] had a great respect, almost an awe, of the medium in which he worked. He regarded it as a privilege, not a license.... Perhaps the best I might hope is that by some accident of voice tone or arrangement of words I did, on a few occasions, excite, exhort, annoy or provoke a few of my fellow human beings to think with their heads, not the viscera'"—Chet Huntley. This biography of NBC newsman Chet Huntley, who, along with David Brinkley, anchored NBC's "Huntley-Brinkley Report," covers his youth on a farm in Montana, his education and his graduation from the University of Washington, his development as a radio personality and news reporter for stations in Seattle, Spokane, Portland, and his work for CBS, ABC and NBC radio and television in Los Angeles from 1939 to 1955. It also details his move to New York and his work on the "Huntley-Brinkley Report" from 1956 to 1970, his retirement from the news business, his supervision of the development of the Big Sky Ski resort in Montana, and his death from cancer in 1974 at the age of 62.

tv guide rochester new york: One Tough Dame Herbie J Pilato, 2024-09-16 *One Tough Dame: The Life and Career of Diana Rigg* offers a sweeping portrait of the revered performer's life and career. Deemed a Dame Commander of the Order of the British Empire in 1994, Diana Rigg (1938-2020) initially found fame as super sleuth Mrs. Emma Peel in the 1960s BBC/ABC-TV espionage series *The Avengers*. A classically trained and multi-award-winning thespian, Rigg is known for her diverse body of work — from her big-screen debut in 1969 as Countess Teresa di Vincenzo, wife of James Bond in *On Her Majesty's Secret Service*, to her Tony Award-winning, leading role in *Medea* on Broadway, culminating with her Emmy-nominated portrayal as Lady Olenna Tyrell on the heralded small-screen gem *Game of Thrones*. Bruce Beresford; and documentarian David Naylor, among others, *One Tough Dame* delivers an in-depth perspective of a beloved, brave, brilliant, and trailblazing actor.

tv guide rochester new york: *The Southern Hospitality Myth* Anthony Szczesiul, 2017-06
Hospitality as a cultural trait has been associated with the South for well over two centuries, but the origins of this association and the reasons for its perseverance often seem unclear. Anthony Szczesiul looks at how and why we have taken something so particular as the social habit of hospitality—which is exercised among diverse individuals and is widely varied in its particular practices—and so generalized it as to make it a cultural trait of an entire region of the country. Historians have offered a variety of explanations of the origins and cultural practices of hospitality in the antebellum South. Economic historians have at times portrayed southern hospitality as evidence of conspicuous consumption and competition among wealthy planters, while cultural historians have treated it peripherally as a symptomatic expression of the southern code of honor. Although historians have offered different theories, they generally agree that the mythic dimensions of southern hospitality eventually outstripped its actual practices. Szczesiul examines why we have chosen to remember and valorize this particular aspect of the South, and he raises fundamental ethical questions that underlie both the concept of hospitality and the cultural work of American memory, particularly in light of the region's historical legacy of slavery and segregation.

tv guide rochester new york: Primetime 1966-1967 Thom "Beefstew" Shubilla, 2022-05-05
The year 1966 was when many TV viewers all over America discovered the wonders of in living color. The 1966-1967 primetime television lineup was remarkable not only for the legendary shows that aired, but also because it was the first season in which every show on primetime, across all three major networks, was broadcast entirely in color. Celebrating this iconic year of television, this book covers every scripted episodic show that aired on the ABC, CBS, and NBC networks during the 1966-1967 season in primetime. It includes longtime favorites such as *Batman*, *Bonanza*, *Voyage to the Bottom of the Sea*, and *The Lucy Show* and the notable shows that premiered that year such as *Star Trek*, *The Monkees*, *Green Hornet*, *Mission: Impossible*, *It's About Time*, and the color revival of *Dragnet*. Organized by genre, each entry examines a show from conception to cancelation (and sometimes beyond), ratings, critical and fan reactions, and the show's use of color.

tv guide rochester new york: The X List Jami Bernard, 2009-04-20 National Society of Film Critics dares to go where few mainstream critics have gone before—to the heart of what gets the colored lights going, as they say in *A Streetcar Named Desire*. Here is their take on the films that quicken their (and our) pulses—an enterprise both risky and risqué, an entertaining overview of the most arousing films Hollywood has every produced. But make no mistake about it: This isn't a collection of esoteric critic's choice movies. The films reflect individual taste, rubbing against the grain of popular wisdom. And, because of the personal nature of the erotic forces at play, these essays will reveal more about the individual critics than perhaps they have revealed thus far to their readers. The Society is a world-renowned, marquee-name organization embracing some of America's most distinguished critics, more than forty writers who have followings nationally as well as devoted local constituencies in such major cities as New York, Chicago, Los Angeles, Boston, Philadelphia, Atlanta, and Minneapolis. Yes, *The X List* will have something for every lover of film—and for every lover.
