

robert anton wilson cosmic trigger ii down to earth book

****Exploring the Depths of Reality: Robert Anton Wilson's Cosmic Trigger II Down to Earth Book****

robert anton wilson cosmic trigger ii down to earth book is an intriguing continuation of the groundbreaking series by the visionary thinker and writer Robert Anton Wilson. This book dives deeper into his explorations of consciousness, reality, and the complex interplay between perception and the universe. For readers fascinated by philosophy, psychology, and countercultural ideas, Wilson's work offers a compelling journey that challenges conventional thinking.

Understanding the Context of Cosmic Trigger II

Robert Anton Wilson's Cosmic Trigger series is widely celebrated for its unique blend of autobiography, speculative philosophy, and explorations into esoteric and fringe concepts. The second installment, **Cosmic Trigger II: Down to Earth**, builds on the foundations laid in the first book, expanding the reader's understanding of Wilson's theories about human consciousness and reality.

Unlike many sequels that simply rehash previous ideas, **Down to Earth** delves more into practical and grounded aspects of Wilson's philosophies. While the first **Cosmic Trigger** was more about opening the mind and exploring radical ideas, the second book adopts a slightly more "down to earth" approach, as the title suggests, blending the cosmic with everyday experience.

Who Was Robert Anton Wilson?

To appreciate the significance of **Cosmic Trigger II**, it helps to know a bit about Robert Anton Wilson himself. A prolific author, philosopher, and futurist, Wilson was known for his skepticism, humor, and ability to weave science fiction, psychology, and mysticism into accessible narratives. His work often questions the nature of reality, perception, and authority, encouraging readers to think critically about the world around them.

Wilson was also deeply involved in the counterculture movements of the 1960s and 70s, and his writing reflects a desire to break free from dogmatic thinking. His ideas on "reality tunnels," belief systems, and consciousness have influenced a wide range of thinkers and remain relevant in discussions about metaphysics and psychology today.

Key Themes in Cosmic Trigger II Down to Earth Book

Cosmic Trigger II: Down to Earth is rich with themes that challenge readers to reconsider their assumptions about reality and the mind. Let's explore some of its most compelling ideas.

Reality Tunnels and Perception

One of Wilson's most enduring contributions is the concept of "reality tunnels," which describes how our perceptions are shaped by individual beliefs, experiences, and cultural conditioning. In **Down to Earth**, Wilson further elaborates on this idea, showing how these tunnels can limit or expand our understanding depending on how open we are to new information.

This theme encourages readers to question their own worldview and consider how different perspectives might alter their experience of reality. Wilson suggests that by consciously shifting or broadening these tunnels, people can achieve greater flexibility in thinking and a richer experience of life.

The Intersection of Science and Mysticism

Wilson's work often blurs the lines between scientific inquiry and mystical experience. In **Cosmic Trigger II**, he explores how emerging scientific theories—such as quantum mechanics and chaos theory—resonate with ancient spiritual insights. This intersection invites readers to see science and mysticism not as opposing forces but as complementary ways of understanding the universe.

This approach resonates with those interested in the philosophy of science, consciousness studies, and alternative spirituality, offering a framework that embraces uncertainty and mystery rather than dismissing them.

Psychology and the Expansion of Consciousness

Another major focus of **Cosmic Trigger II** is the exploration of psychology, particularly regarding altered states of consciousness. Wilson discusses his own experiences with psychedelic substances, meditation, and other techniques aimed at expanding awareness. He treats these experiences not merely as escapism but as tools for cognitive and spiritual growth.

For readers curious about the practical applications of these ideas, Wilson provides insights into how expanding consciousness can lead to greater creativity, empathy, and personal empowerment.

How Cosmic Trigger II Fits Into the Cosmic Trigger Series

Cosmic Trigger II: Down to Earth acts as a bridge between the initial shock of awakening found in the first book and the more speculative explorations in the third book, **Cosmic Trigger III: My Life After Death**. Together, the trilogy forms a cohesive narrative arc that tracks Wilson's evolving understanding of his own experiences and the nature of reality.

If you're new to the series, starting with the original **Cosmic Trigger I** is recommended to fully appreciate the progression. However, **Down to Earth** stands on its own as a thoughtful and

provocative work that can inspire readers even without prior knowledge of the series.

Recommended Reading Order

1. **Cosmic Trigger I: The Final Secret of the Illuminati** - Introduces Wilson's early insights and mind-expanding experiences.
2. **Cosmic Trigger II: Down to Earth** - Grounds the exploration with more practical and scientific reflections.
3. **Cosmic Trigger III: My Life After Death** - Explores more metaphysical and existential themes.

Why Robert Anton Wilson Cosmic Trigger II Down to Earth Book Remains Relevant

Despite being published decades ago, *Cosmic Trigger II* continues to resonate with readers today, especially those interested in consciousness, alternative philosophy, and the nature of reality. Here are a few reasons why this book remains a must-read:

- **Timeless Exploration of Reality:** Wilson's ideas about perception and belief systems remain relevant in an age of information overload and ideological polarization.
- **Interdisciplinary Appeal:** The book draws from psychology, physics, spirituality, and sociology, appealing to a wide range of curious minds.
- **Encouragement of Critical Thinking:** Wilson's playful skepticism encourages readers to question authority and dogma, fostering intellectual independence.
- **Inspiration for Personal Growth:** By exploring altered states and consciousness expansion, the book offers tools for self-discovery and transformation.

Tips for Getting the Most Out of the Book

Reading *Cosmic Trigger II* can be a mind-bending experience, so here are some tips to enhance your journey:

- **Read Slowly and Reflectively:** The book is dense with ideas. Take time to pause and

consider the implications of each chapter.

- **Keep an Open Mind:** Wilson challenges conventional wisdom, so suspending judgment can help in absorbing new perspectives.
- **Take Notes:** Jotting down key concepts or questions can deepen understanding and make future rereads more rewarding.
- **Explore Supplementary Materials:** Listening to Wilson's lectures or reading related works can provide additional context.

Where to Find Robert Anton Wilson's Cosmic Trigger II

For those interested in diving into **Cosmic Trigger II: Down to Earth**, the book is widely available in various formats. Many online retailers offer new and used copies, and digital versions can often be found on eBook platforms. Libraries may also carry copies given the book's enduring popularity.

Collectors and longtime fans might look for special editions or audiobooks narrated by Wilson himself or other enthusiasts, which add a unique dimension to the reading experience.

Robert Anton Wilson's **Cosmic Trigger II: Down to Earth** book remains an essential read for anyone fascinated by the mysteries of consciousness and the nature of reality. Its blend of rigorous inquiry, humor, and openness to the unknown invites readers not just to consume information but to embark on their own personal journey of discovery. Whether you're a seasoned explorer of philosophical ideas or a curious newcomer, this book offers a rich, thought-provoking experience that lingers long after the final page.

Frequently Asked Questions

What is 'Cosmic Trigger II: Down to Earth' by Robert Anton Wilson about?

'Cosmic Trigger II: Down to Earth' is a continuation of Robert Anton Wilson's exploration of consciousness, belief systems, and the nature of reality, blending autobiography with philosophy and neuroscience to challenge readers' perceptions.

How does 'Cosmic Trigger II' differ from the first book in the series?

'Cosmic Trigger II' delves deeper into Wilson's personal experiences and expands on themes of skepticism, quantum physics, and the evolution of human consciousness, offering more grounded insights compared to the more psychedelic and speculative tone of the first book.

What are some key themes explored in 'Cosmic Trigger II: Down to Earth'?

Key themes include the deconstruction of reality tunnels, the interplay between science and mysticism, the role of belief in shaping experience, and the pursuit of individual enlightenment against cultural conditioning.

Is 'Cosmic Trigger II' accessible to new readers unfamiliar with Robert Anton Wilson's work?

While 'Cosmic Trigger II' builds on ideas from the first book, it can still be appreciated by new readers due to its engaging narrative and clear explanations, though familiarity with Wilson's earlier work enriches the experience.

Why is Robert Anton Wilson's 'Cosmic Trigger II' considered influential in countercultural literature?

Wilson's blend of science, mysticism, and radical skepticism challenges conventional thinking and encourages open-mindedness, making 'Cosmic Trigger II' a seminal work that has influenced thinkers in the psychedelic, philosophical, and scientific communities.

Where can I find a copy of 'Cosmic Trigger II: Down to Earth' by Robert Anton Wilson?

'Cosmic Trigger II' is available through major booksellers like Amazon, Barnes & Noble, and independent bookstores, as well as in digital formats such as eBooks and audiobooks on platforms like Audible.

Robert Anton Wilson Cosmic Trigger II Down to Earth Book: An Analytical Exploration

robert anton wilson cosmic trigger ii down to earth book stands as a pivotal installment in the Cosmic Trigger series, offering readers a deeper dive into the author's exploration of consciousness, reality, and the boundaries of human perception. As a continuation of the groundbreaking Cosmic Trigger I, this second volume reflects Wilson's unique blend of philosophy, psychology, and esoteric inquiry, all conveyed through his characteristic wit and skepticism. This article undertakes an investigative review of the book, unpacking its themes, stylistic approaches, and its place within Wilson's broader oeuvre, while optimizing for relevant keywords such as "Robert Anton Wilson Cosmic Trigger II," "Down to Earth," and related concepts in consciousness studies.

The Context and Significance of Cosmic Trigger II:

Down to Earth

Published as a follow-up to his influential first volume, Robert Anton Wilson's *Cosmic Trigger II: Down to Earth* continues his quest to challenge conventional understanding of reality. While the first book introduced readers to Wilson's personal journey through altered states and conspiratorial insights, the second installment adopts a more grounded tone, as suggested by the subtitle "Down to Earth." This volume emphasizes the reconciliation of extraordinary experiences with everyday life, marking a transition from cosmic speculation to practical application.

Wilson's work occupies a unique space in the literary landscape, often intersecting with countercultural movements, cognitive science, and philosophical skepticism. The "Down to Earth" book reflects his ongoing interest in the malleability of reality models and the importance of maintaining intellectual flexibility. Readers familiar with Wilson's style will recognize his penchant for mixing humor with serious inquiry, creating a text that is both accessible and intellectually stimulating.

Exploring the Themes of Consciousness and Reality

At its core, the Robert Anton Wilson *Cosmic Trigger II Down to Earth* book grapples with the nature of consciousness and the ways in which it shapes human experience. Wilson challenges the reader to question the reliability of their perceptions and the narratives imposed by societal and psychological conditioning. This skepticism toward "fixed" reality encourages an open-minded approach to phenomena often dismissed by mainstream science.

Wilson introduces concepts from quantum physics, neurology, and psychology to bolster his arguments, illustrating how scientific paradigms can both illuminate and constrain understanding. The book delves into the idea of "reality tunnels," a term Wilson popularized to describe the subjective filters through which individuals perceive the world. By highlighting these cognitive frameworks, Wilson invites readers to adopt a meta-perspective on their own beliefs and biases.

Writing Style and Narrative Approach

One of the hallmarks of Wilson's writing in *Cosmic Trigger II* is the conversational, often playful tone that permeates the text. Unlike dense academic treatises, this book employs a narrative style that combines autobiography, reportage, and philosophical musing. This hybrid approach makes complex ideas more digestible without sacrificing intellectual rigor.

Wilson's use of humor and anecdotal evidence serves not only to engage the reader but also to underscore the absurdities inherent in rigid dogma. His willingness to entertain multiple viewpoints—sometimes contradictory—reflects his commitment to intellectual pluralism. This style reinforces the book's underlying message: that embracing uncertainty is a vital component of intellectual growth.

Comparative Insights: Cosmic Trigger I vs. Cosmic Trigger II

In comparing the first and second volumes of the Cosmic Trigger series, several distinctions emerge that highlight the evolution of Wilson's thought. The original Cosmic Trigger is often characterized by its raw exploration of psychedelic experiences, synchronicities, and the paranormal. In contrast, Cosmic Trigger II: Down to Earth adopts a more reflective stance, focusing on integrating these experiences into a coherent worldview.

While the initial volume revels in the shock value of expanded consciousness, the second book tempers this enthusiasm with pragmatic considerations. This shift is evident in the way Wilson addresses the potential for self-delusion and the social implications of his ideas. The "Down to Earth" subtitle signals a grounding in reality that balances the cosmic speculation of its predecessor.

This progression can be likened to a two-part journey: the first book as an ascent into the mysteries of consciousness, and the second as a descent back into everyday awareness enriched by that expanded perspective. Readers seeking a comprehensive understanding of Wilson's philosophy are well-served by engaging with both volumes in sequence.

Key Features and Contributions

- **Interdisciplinary Approach:** Wilson integrates insights from science, spirituality, and psychology to create a multifaceted exploration of reality.
- **Reality Tunnels Concept:** A central theme that encourages readers to examine their subjective worldviews critically.
- **Accessible Language:** Despite complex subject matter, the book remains approachable through humor and anecdotal storytelling.
- **Philosophical Skepticism:** Wilson advocates for a stance of open inquiry, resisting dogmatic certainty.
- **Integration of Experience:** Emphasis on applying expanded consciousness to practical, day-to-day life challenges.

The Influence and Legacy of Cosmic Trigger II

Robert Anton Wilson's Cosmic Trigger II: Down to Earth book has left a lasting imprint on readers interested in consciousness studies, alternative philosophy, and the counterculture of the late 20th century. Its exploration of subjective reality and cognitive flexibility has influenced thinkers across disciplines, from psychology to metaphysics.

The book's impact extends beyond literary circles, informing discussions on how individuals construct meaning and navigate the complexities of modern existence. Wilson's insistence on questioning authority and embracing uncertainty resonates strongly in contemporary dialogues about media literacy and ideological polarization.

Moreover, the Down to Earth volume contributes to a broader cultural shift toward integrating mystical and scientific perspectives. By bridging personal experience with empirical inquiry, Wilson opens a space for dialogue between seemingly disparate worldviews.

Pros and Cons of the Book

- **Pros:**

- Engaging and thought-provoking writing style
- Encourages critical thinking and self-reflection
- Bridges multiple disciplines in a cohesive narrative
- Offers practical insights for applying altered states to daily life

- **Cons:**

- Some readers may find the non-linear structure challenging
- Occasional reliance on anecdotal evidence over rigorous data
- Philosophical ambiguity may frustrate those seeking definitive answers

Why Robert Anton Wilson Cosmic Trigger II Remains Relevant Today

In an era marked by information overload and ideological entrenchment, the lessons embedded within Robert Anton Wilson's Cosmic Trigger II: Down to Earth book are increasingly pertinent. Its advocacy for mental flexibility and skepticism offers a toolkit for navigating complex social and intellectual landscapes.

The book's emphasis on examining one's own cognitive biases aligns with contemporary movements in critical thinking and mindfulness. Additionally, Wilson's interdisciplinary method anticipates modern trends in integrative thinking and cross-domain innovation.

For scholars, spiritual seekers, and curious readers alike, Cosmic Trigger II continues to serve as a resource that challenges conventional wisdom while encouraging grounded reflection. Its enduring appeal lies in the balance it strikes between cosmic wonder and practical reality.

As readers engage with Robert Anton Wilson Cosmic Trigger II Down to Earth book, they are invited into a dialogue that transcends the boundaries of genre, discipline, and belief — a dialogue that remains as vital today as when the book was first published.

Robert Anton Wilson Cosmic Trigger II Down To Earth Book

robert anton wilson cosmic trigger ii down to earth book: Cosmic Trigger II Robert Anton Wilson, 1991 While this, the second volume of the Cosmic Trigger trilogy, continues along the path set by the original Cosmic Trigger I: Final Secret of the Illuminati, it also stands solidly on its own. Any reader with an open mind and a sense of humor cannot help but be entertained and enlightened while following Wilson's explorations into such subjects as the future of cyberspace; the peculiarities of Irish jurisprudence; links among the Mafia, the CIA and the Catholic Church; anal-eroticism in The White House; the Dog Castrator of Palm Springs; and many more observations from his infinitely fertile brain.--Publisher description.

robert anton wilson cosmic trigger ii down to earth book: My Cosmic Trigger Matt Vaughn, 2024-07-11 High strangeness denotes happenings so uncanny they are deemed utterly absurd. It involves the intersection of multiple paranormal phenomena, revealing an eerie undergirding of reality. MY COSMIC TRIGGER is a deep dive into the subject, covering its history, theories, and notable researchers, analyzing mechanisms behind this cosmic enigma. The author's personal experiences provide a penetrating understanding of the phenomenon by demonstrating how and why extramundane weirdness manifests on a personal level, helping people navigate their own 'synchromystic initiation' with a sense of clarity, fostering a constructive relationship with odd occurrences (not a destabilizing one), and enabling readers to successfully pull their own cosmic trigger.

robert anton wilson cosmic trigger ii down to earth book: *Down to earth* Robert Anton Wilson, 1986

robert anton wilson cosmic trigger ii down to earth book: Cosmic Trigger III Robert Anton Wilson, 1995 This, the long-awaited third volume of the Cosmic Trigger series, includes Wilson's witty and humorous observations about the widely spread (and, happily, premature) announcement of his demise. And, of course, what Wilson masterpiece would be complete without synchronicities, religious fanatics, UFOs, crop circles, paranoia, pompous scientists, secret societies, high tech, black magic, quantum physics, hoaxes (real and fake), Orson Welles, James Joyce, Carl Sagan, Madonna and The Vagina of Nuit.

robert anton wilson cosmic trigger ii down to earth book: Escape Philosophy Roy Christopher, 2022 The physical body has often been seen as a prison, as something to be escaped by any means necessary: technology, mechanization, drugs and sensory deprivation, alien abduction, Rapture, or even death and extinction. Taking in horror movies from David Cronenberg and UFO encounters, metal bands such as Godflesh, ketamine experiments, AI, and cybernetics, Escape Philosophy is an exploration of the ways that human beings have sought to make this escape, to transcend the limits of the human body, to find a way out. As the physical world continues to crumble at an ever-accelerating rate, and we are faced with a particularly 21st-century kind of dread and dehumanization in the face of climate collapse and a global pandemic, Escape Philosophy asks what this escape from our bodies might look like, and if it is even possible.

robert anton wilson cosmic trigger ii down to earth book: *Brainiac* Ken Jennings,

2007-10-30 NATIONAL BESTSELLER • A witty, charming, and engaging dive into trivia's colorful history, from America's highest-earning game show contestant of all time and host of Jeopardy! "Insightful, informative, and written with a strong dose of humor and humility. . . . I loved this book."—Will Shortz, crossword editor, The New York Times Ken Jennings is trivia's undisputed king—and as he traces his rise from anonymous computer programmer to nerd folk icon, he explores his newly conquered kingdom: the world of trivia itself. Trivia, he has found, is centuries older than his childhood obsession with it. Whisking us from the coffeehouses of seventeenth-century London to the Internet age, Jennings chronicles the ups and downs of the trivia fad: the quiz book explosion of the Jazz Age; the rise, fall, and rise again of TV quiz shows; the nostalgic campus trivia of the 1960s; and the 1980s, when Trivial Pursuit® again made it fashionable to be a know-it-all. Jennings also investigates the shadowy demimonde of today's trivia subculture, guiding us on a tour of trivia across America. He goes head-to-head with the blowhards and diehards of the college quiz-bowl circuit, the slightly soused faithful of the Boston pub trivia scene, and the raucous participants in the annual Q&A marathon in Stevens Point, Wisconsin, "The World's Largest Trivia Contest." And, of course, he takes us behind the scenes of his improbable 75-game run on Jeopardy! But above all, Brainiac is a love letter to the useless fact. (Who knew that there's a crater on Venus named after Laura Ingalls Wilder? Ken Jennings, that's who.) Engaging and erudite, Brainiac is an irresistible celebration of nostalgia, curiosity, and geeky obsession—in a word, trivia.

robert anton wilson cosmic trigger ii down to earth book: Words of Wisdom Hannu Pirilä, 2025-03-26 This book is a result of more than 30 years of research and studying different schools of personal development and the author's 15 years of experience in professionally helping people in their path of personal growth. What makes this book unique from other books containing quotes is that the quotes are bundled in different topics of the personal growth process and, most importantly, interpreted and explained in a coherent way by the author. The book has quotes from more than 100 sources, including such wise people as: John Assaraf, Marcus Aurelius, Richard Bach, Richard Bandler, Sydney Banks, Richard Branson, Deepak Chopra, Stephen R. Covey, Mihaly Csikszentmihalyi, John F. Demartini, Joe Dispenza, Wayne W. Dyer, Albert Einstein, Viktor E. Frankl, Mahatma Gandhi, Bill Harris, David R. Hawkins, Esther and Jerry Hicks, Napoleon Hill, Sandra Ingerman, Bruce H. Lipton, Frank Martela, Paul McKenna, Anita Moorjani, Michael Neill, Seka Nikolic, Anthony Robbins, Ulla Suokko, Alberto Villodo, Alan Watts and Robert Anton Wilson This book is not just a collection of famous quotes, however, but rather a carefully considered collection of wisdoms from wise people related to personal growth, supplemented by the author's own experience and thoughts. The book covers, among others, the following topics related to personal growth: - Our Experience of Life - Creating a New Life - Vision, Goals and Directions - Meaning and Purpose - Values And Beliefs - Beliefs and Fears - Happiness - Success - Growth and Change - Gratitude - Abundance - Freedom - Love - Health and Well-Being To help the reader get the most out of it, at the end of the book everything is brought together in an understandable and coherent form. After reading the book once through, you can either choose to look at certain chapters or topics or simply open the book randomly to seek for inspiration whenever you feel like you could use some.

robert anton wilson cosmic trigger ii down to earth book: Quantum Psychology Robert Anton Wilson, 1990 Throughout human history, thoughts, values and behaviours have been coloured by language and the prevailing view of the universe. With the advent of Quantum Mechanics, relativity, non-Euclidean geometries, non-Aristotelian logic and General Semantics, the scientific view of the world has changed dramatically from just a few decades ago. Nonetheless, human thinking is still deeply rooted in the cosmology of the middle ages. This is the book to change your way of perceiving yourself -- and the universe. Some say it's materialistic, others call it scientific and still others insist it's mystical. It is all of these -- and none. The book for the 21st Century, complete with exercises. Picks up where Prometheus Rising left off. Some say it's materialistic, others call it scientific and still others insist it's mystical. It is all of these -- and none.

robert anton wilson cosmic trigger ii down to earth book: My life after death Robert
Anton Wilson, 1986

robert anton wilson cosmic trigger ii down to earth book: Unleashed: The Story of TOOL
Joel McIver, 2012-03-07 The very first book about the Anglo-American metal band Tool explores not only their uncompromising music but also their unsettling, self-made image based on mythological symbols and arcane theories. The quartet of master musicians – Maynard James Keenan, Danny Carey, Justin Chancellor and Adam Jones – emerged from the club scene in Los Angeles in 1990 alongside their friends Rage Against the Machine, grabbing the concept of heavy music and then completely redefining it. With a sixties-style commitment to art and agit-prop, they have now attained a level of artistic complexity and depth which makes their enduring success a miracle in today's culture of bland, corporate entertainment. Their rise to glory has been one of the stranger rock tales of our time. Joel McIver leaves no detail omitted as he delves into the mystery behind Tool's music

robert anton wilson cosmic trigger ii down to earth book: Conspiracy Theories Mark Fenster, 1999 JFK, Karl Marx, the Pope, Aristotle Onassis, Queen Elizabeth II, Howard Hughes, Fox Mulder, Bill Clinton -- all have been linked to vastly complicated global (or even galactic) intrigues. In this enlightening tour of conspiracy theories, Mark Fenster guides readers through this shadowy world and analyzes its complex role in American culture and politics. Fenster argues that conspiracy theories are a form of popular political interpretation and contends that understanding how they circulate through mass culture helps us better understand our society as a whole. To that end, he discusses Richard Hofstadter's *The Paranoid Style in American Politics*, the militia movement, *The X-Files*, popular Christian apocalyptic thought, and such artifacts of suspicion as *The Turner Diaries*, the *Illuminatus!* trilogy, and the novels of Richard Condon. Fenster analyzes the conspiracy community of radio shows, magazine and book publishers, Internet resources, and role-playing games that promote these theories. In this world, the very denial of a conspiracy's existence becomes proof that it exists, and the truth is always out there. He believes conspiracy theory has become a thrill for a bored subculture, one characterized by its members' reinterpretation of accepted history, their deep cynicism about contemporary politics, and their longing for a utopian future. Fenster's progressive critique of conspiracy theories both recognizes the secrecy and inequities of power in contemporary politics and economics and works toward effective political engagement. Probing conspiracy theory's tendencies toward scapegoating, racism, and fascism, as well as Hofstadter's centrist acceptance of a postwar American consensus, he advocates what conspiracy theory wants but cannot articulate: a more inclusive, engaging political culture.

robert anton wilson cosmic trigger ii down to earth book: Puzzles and Essays from 'The Exchange' Charles R Anderson, 2018-10-24 Who said that? When did that happen? Where the heck does that thing come from? Was that French, or what? What's that supposed to mean? For 35 years, librarians in the United States and other countries sent puzzles they could not solve locally to "The Exchange," a column for reference librarians appearing in RQ (and later, RUSQ), the official journal of the Reference and User Services Division of the ALA. Other readers often furnished the answers--sometimes years or even decades later! *Puzzles and Essays from The Exchange* organizes those perplexing questions and answers into a reader-friendly reference format, embellished with essays that appeared in the column over the last fifteen years of its publication. This unique collection of questions and answers that stumped librarians on four continents over a 35-year period comes complete with authoritative bibliographic citations. It also contains an extensive subject, person, and keyword index, providing easy access to the material. Packed with fascinating information, little-known trivia, and hard-to-find facts, *Puzzles and Essays from The Exchange* is a wonderful reference source, answering difficult questions about: the origins of common--and not-so-common--customs, like giving engagement rings, driving on the right or left side of the road, tying yellow ribbons around trees in memory of captives, leg shaving, visits from the "Tooth Fairy," and much, much more! the origins of words, phrases, and terms that don't, when taken literally,

make much sense the origins of popular sayings--The grass is always greener; The whole nine yards; It ain't over until the fat lady sings; Close but no cigar; Going down the tube; Light at the end of the tunnel; Katy, bar the door; Goodbye, cruel world; etc. the sources of famous quotations--both spurious and real! the sources of poetry fragments and bits of verse that have become part of the popular lexicon hard-to-find biographical information--from George Washington Carver's many uses for the peanut and the sweet potato to the name of Paul Revere's horse to the truth about the "let them eat cake" story attributed to Marie Antoinette trivia and miscellany--how lullabies began; why a yawn is contagious when a sneeze is not; what the names of the monkeys in The Wizard of Oz were; why pigeons bob their heads when they walk; what the vital statistics of the Venus de Milo are; and much more! the history of "The Exchange" itself! Puzzles and Essays from The Exchange will also challenge you with a list of so-far unanswered questions, unidentified quotations, and popular sayings whose origins are still generally unknown. Perhaps you'll be the one to answer the riddles that stumped the editors and readers of "The Exchange!"

Entries include name, pseudonyms, addresses, citizenship, birth date, specialization, career information and a bibliography.

robert anton wilson cosmic trigger ii down to earth book: La foire aux illuminés Pierre-André Taguieff, 2005-11-16 Qu'y a-t-il de commun entre les romans à énigmes de Dan Brown, thrillers ésotérico-religieux devenus best-sellers internationaux, et la masse des pamphlets d'extrême droite dénonçant des complots organisés par des puissances occultes ou semi-occultes visant à installer un « gouvernement mondial » ? Quelles croyances et quelles passions partagent les amateurs de la série télévisée X-Files, les fans de films, de BD ou de jeux vidéo mettant en scène des sociétés secrètes ou des invasions d'extraterrestres, les consommateurs immodérés de nourritures « ésotériques » en tout genre, et les demi-savants peuplant le monde des « historiens alternatifs », dénonciateurs fanatiques du « complot mondial » ? En fournissant des éléments de réponse à ces questions, Pierre-André Taguieff nous invite à explorer la nouvelle culture populaire massivement diffusée sur Internet, ce qu'il faut bien appeler le bazar de l'ésotérisme. Il part d'un constat : les fictions signées Dan Brown, parmi de nombreuses autres n'ayant pas rencontré un succès

comparable, puisent dans le même fonds symbolique qu'une multitude de pamphlets conspirationnistes publiés depuis le début des années 1980. Ce stock de rumeurs, de légendes et de croyances - nées parfois il y a plus de deux siècles, comme la légende des Illuminati - ne cesse d'être exploité par des entrepreneurs culturels spécialisés dans « l'ésotérisme » au sens ordinairement vague et attrape-tout du terme, renvoyant à « tout ce qui exhale un parfum de mystère ». La Foire aux « Illuminés » porte sur la production, la circulation et la réception de ces produits culturels ésotéro-complotistes ordinairement négligés ou méprisés par les travaux universitaires. Ce livre constitue une réflexion exigeante sur les formes contemporaines du croire hors des frontières strictes du religieux institutionnel non moins que du champs idéologico-politique. Il s'inscrit dans la série des ouvrages publiés par Pierre-André Taguieff depuis *La Force du préjugé* (1988), dont l'ambition commune est d'élaborer une anthropologie historique de la modernité, à travers l'analyse des représentations, des valeurs et des croyances saisies dans leurs origines et leurs métamorphoses.
