Ted Bundy Interview with James Dobson: A Chilling Conversation Explored

ted bundy interview with james dobson remains one of the most intriguing and unsettling exchanges in the annals of true crime history. This rare dialogue between one of America's most notorious serial killers and a prominent psychologist offers a deep dive into the mind of a man whose charm masked a brutal darkness. If you've ever wondered what it might be like to hear Ted Bundy speak candidly about his life and crimes, this interview provides a unique window into his psyche—and the efforts of professionals like James Dobson to understand, and perhaps find meaning in, such sinister behavior.

Background: Who Are Ted Bundy and James Dobson?

Before delving into the interview itself, it's essential to understand the key figures involved.

Ted Bundy was an infamous serial killer active primarily during the 1970s. Known for his charisma and intelligence, Bundy committed a series of brutal murders across several states. His ability to manipulate and deceive made him a particularly dangerous criminal.

James Dobson, on the other hand, is a well-known psychologist, author, and founder of Focus on the Family. With a background in psychology and counseling, Dobson has conducted interviews and research on various psychological topics, including criminal behavior.

The intersection of these two men's lives in an interview setting is both rare and revealing, offering insights into the darker aspects of human nature.

The Significance of the Ted Bundy Interview with James Dobson

What makes the ted bundy interview with james dobson especially compelling is the contrast between Dobson's clinical approach and Bundy's manipulative personality. Unlike more sensationalized interviews, Dobson's style is calm, measured, and probing, designed to peel back layers rather than provoke.

Understanding Bundy's Mindset

One of the primary goals of the interview was to explore Bundy's motivations and thought processes. Bundy often presented himself as a charming, normal individual, so understanding how he justified his actions was crucial to psychologists studying criminal pathology.

Dobson's questions aimed to:

- Uncover Bundy's childhood influences and psychological development
- Explore his feelings towards his crimes
- Understand his views on morality and remorse

This interview serves as a rare case study in criminal psychology, shedding light on how psychopaths rationalize their behavior.

The Approach and Style of James Dobson

Dobson's interviewing technique was notably different from sensationalist media interviews. He maintained a professional and empathetic tone, which allowed Bundy to open up without feeling attacked.

This approach is valuable for anyone interested in psychological interviews or criminal investigations because it demonstrates how patience and understanding can sometimes yield more truthful responses than confrontation.

Key Themes from the Interview

Several important themes emerge from the ted bundy interview with james dobson, which help explain both Bundy's personality and broader criminal psychology principles.

Charm and Deception

Bundy's ability to charm and deceive was central to his crimes. In the interview, he candidly discusses how he used his appearance and charisma to lure victims, which highlights the importance of recognizing manipulative behavior in real life.

The Nature of Evil and Remorse

Dobson presses Bundy on whether he feels any remorse for his actions. Bundy's responses reveal the complexities of psychopathic minds—he sometimes expresses superficial regret but often rationalizes his behavior as beyond typical moral boundaries.

Psychopathy and Social Functioning

Bundy's ability to function socially and professionally despite his violent tendencies raises questions about the nature of psychopathy. The interview explores this duality, showing how some individuals can mask their true selves behind a façade of normalcy.

Lessons from the Interview for Psychology and Crime Prevention

The ted bundy interview with james dobson is not just a morbid curiosity; it offers practical takeaways for professionals and the public alike.

Insight into Criminal Profiling

Psychologists and law enforcement use interviews like this to better profile offenders. Understanding Bundy's behavior helps refine techniques for identifying potential threats based on psychological traits and patterns.

Warning Signs of Manipulative Behavior

By listening to Bundy's explanations of how he manipulated others, readers can become more aware of warning signs in everyday interactions—important for personal safety and social awareness.

The Importance of Empathy in Interviews

Dobson's calm and empathetic approach underscores a key tip for anyone conducting interviews—whether with criminals, patients, or clients—patience and non-judgmental listening often yield more honest and useful information.

Where to Find the Ted Bundy Interview with James Dobson

For those interested in exploring this interview further, several resources are available:

- **Books and Documentaries:** Some biographies and documentaries on Ted Bundy reference or include segments of the interview.
- **Archived Audio and Video:** Online archives and true crime websites sometimes host recordings or transcripts.
- **Psychological Journals:** Analyses of Bundy's psychology often cite Dobson's interview to support their findings.

Engaging with these materials can deepen your understanding of both Bundy's criminal mind and

the methods used by experts like Dobson to study such individuals.

The Enduring Fascination with Ted Bundy and His Interviews

Why does the ted bundy interview with james dobson continue to captivate audiences decades later? Part of the answer lies in the human desire to understand evil—and the hope that by studying such darkness, society can prevent future tragedies.

Moreover, interviews like this challenge us to consider the complexity of human behavior: the fact that a person can be both charismatic and monstrous; that evil can hide behind a mask of normalcy.

This interview remains a stark reminder that understanding criminal minds requires more than fear and revulsion—it demands curiosity, compassion, and rigorous study.

As you explore the ted bundy interview with james dobson, remember that while Bundy's actions were horrific, the knowledge gleaned from such conversations contributes to a safer and more informed society.

Frequently Asked Questions

Who is Ted Bundy and why is his interview with James Dobson significant?

Ted Bundy was a notorious American serial killer, and his interview with James Dobson is significant because it provides insight into his psychology and manipulative nature.

When did the interview between Ted Bundy and James Dobson take place?

The interview took place in the late 1970s, during Bundy's incarceration before his execution in 1989.

What topics were discussed during the Ted Bundy interview with James Dobson?

The interview covered Bundy's crimes, his background, his mindset, and Dobson's attempts to understand and potentially rehabilitate him.

Is the Ted Bundy interview with James Dobson available to the public?

Yes, portions of the interview have been made public through documentaries and online platforms.

How did James Dobson approach Ted Bundy during the interview?

James Dobson approached Bundy with a mix of psychological curiosity and a desire to explore the possibility of redemption and change.

What insights about Ted Bundy's personality were revealed in the interview?

The interview revealed Bundy's charm, intelligence, manipulative behavior, and lack of remorse, which helped explain his criminal actions.

Did Ted Bundy confess to his crimes during the interview with James Dobson?

While Bundy had already confessed to many crimes prior to the interview, he discussed his actions candidly during the conversation with Dobson.

What impact did the interview have on public perception of Ted Bundy?

The interview deepened public understanding of Bundy's complex personality and the nature of psychopathy in serial killers.

Did James Dobson publish any books or materials based on his interview with Ted Bundy?

James Dobson has referenced the interview in his writings on psychology and criminal behavior, but no specific book is solely based on the interview.

How has the Ted Bundy interview influenced modern criminal psychology?

The interview has been used as a case study in understanding manipulative behavior and the psychological makeup of serial killers, influencing profiling and rehabilitation approaches.

Ted Bundy Interview with James Dobson: An In-Depth Examination of a Notorious Encounter

ted bundy interview with james dobson remains one of the most intriguing and chilling conversations ever recorded between a notorious serial killer and a public figure. This interview, conducted in the late 1970s by Dr. James Dobson, a prominent psychologist and founder of Focus on the Family, offers a rare glimpse into the mind of Ted Bundy, a man whose crimes shocked the world and whose psychological makeup continues to fascinate criminologists, psychologists, and true crime

enthusiasts alike.

This article delves into the nuances of the interview, shedding light on the interaction between Dobson and Bundy, the psychological underpinnings revealed during their conversation, and the ongoing significance of this dialogue in understanding criminal behavior. The analysis also situates the interview within the broader context of Bundy's criminal history and the era's approach to criminal psychology.

Contextual Background of the Ted Bundy Interview with James Dobson

Ted Bundy, responsible for the brutal murders of at least 30 young women across several states in the 1970s, was a figure who confounded law enforcement and mental health professionals. His charm, intelligence, and manipulative tendencies masked the violent impulses that led to his heinous acts. Against this backdrop, James Dobson's interview stands out as a unique moment where Bundy was given a platform to speak about his life, crimes, and mindset.

Dr. Dobson, known for his expertise in family psychology and his conservative views on morality, approached the interview with a combination of professional curiosity and a desire to understand the root causes of Bundy's behavior. The interview was part of a broader effort to educate the public about the dangers posed by individuals like Bundy and to explore the psychological factors that contribute to criminality.

The Setting and Purpose of the Interview

The interview took place while Bundy was incarcerated, awaiting trial and later execution. This setting provided a controlled environment where Dobson could engage Bundy in a candid conversation without the distractions or dangers of the outside world. The purpose was multi-faceted:

- To gain insight into Bundy's personality and motivations
- To understand whether rehabilitation or psychological treatment was possible
- To inform the public about the nature of psychopathy and violent crime

Dobson's approach was clinical yet empathetic, attempting to balance the need for hard facts with an understanding of Bundy's humanity, however distorted it might have been.

Psychological Insights from the Ted Bundy Interview

with James Dobson

One of the most compelling aspects of the interview is how Bundy navigated the conversation. His responses were often calculated, demonstrating his manipulative skills and desire to control the narrative. Dobson's probing questions elicited responses that reveal key elements of Bundy's psychological profile.

Manipulation and Self-Presentation

Throughout the interview, Bundy oscillated between expressing remorse and deflecting blame. This duality is characteristic of psychopathic behavior, where superficial charm masks a lack of genuine empathy. Bundy's attempts to humanize himself were met with Dobson's careful skepticism, highlighting the importance of critical analysis in such dialogues.

The Role of Childhood and Developmental Factors

Dobson explored Bundy's early life experiences, including his family dynamics and formative years. While Bundy presented a somewhat sanitized version of his childhood, the interview hints at unresolved issues, such as abandonment and identity confusion, that may have contributed to his later violent behavior. This aligns with psychological theories that link early trauma and dysfunctional relationships to antisocial personality disorders.

Reflections on Morality and Accountability

A particularly striking segment of the interview involves Dobson challenging Bundy on his moral compass. Bundy's evasive and sometimes contradictory answers underscore the complexity of attributing accountability in cases involving severe personality disorders. The interview thus serves as a case study in the difficulties psychologists face when assessing criminal responsibility.

Impact and Legacy of the Interview

The ted bundy interview with james dobson holds enduring relevance for several reasons. It provides a rare primary source for researchers studying the mind of one of history's most infamous killers. Additionally, it exemplifies the challenges and ethical considerations involved in interviewing convicted criminals.

Informing Criminal Profiling and Psychological Assessment

Insights derived from the interview have contributed to the refinement of criminal profiling techniques. Understanding Bundy's manipulative tactics and psychological defenses has helped law

enforcement and mental health professionals better identify and evaluate similar offenders.

Ethical Considerations in Interviewing Serial Killers

Dobson's interview raises important questions about the balance between public interest, the risk of sensationalizing crime, and respecting the dignity of victims. The professional tone and investigative rigor Dobson maintained serve as a model for responsible journalism and psychological inquiry.

Public Fascination and Media Representation

The interview has been referenced in documentaries, books, and podcasts, fueling public fascination with Bundy's persona. This widespread dissemination underscores the need for nuanced and sensitive portrayal of such material to avoid glamorizing violence.

Comparative Analysis: Ted Bundy Interview with James Dobson Versus Other Notorious Interviews

When compared to other interviews with serial killers, such as those conducted with Charles Manson or Jeffrey Dahmer, Dobson's interaction with Bundy stands out for its clinical detachment and focus on psychological insight rather than sensationalism.

- **Charles Manson Interviews:** Often marked by chaotic and erratic dialogue, highlighting cult-like manipulation.
- **Jeffrey Dahmer Interviews:** Revealed more explicit confessions and emotional breakdowns.
- **Ted Bundy Interview:** Exhibits Bundy's calculated control and Dobson's methodical questioning.

This comparison highlights how interview styles and interviewee personalities shape the information gleaned and the public's perception.

Lessons for Contemporary Psychology and Criminology

The ted bundy interview with james dobson remains a valuable educational tool. It illustrates the challenges in diagnosing and understanding psychopathy, the complexity of human behavior, and the importance of interviewing techniques that prioritize ethical considerations and factual accuracy.

Mental health professionals studying antisocial behavior can glean from the interview how offenders might manipulate interviews and present distorted narratives. Moreover, the dialogue encourages ongoing research into preventive measures, early intervention, and the rehabilitation potential for individuals exhibiting violent tendencies.

The ted bundy interview with james dobson is more than a historical artifact; it is a profound exploration into the human psyche's darkest corners. Through meticulous questioning and unflinching analysis, Dobson's encounter with Bundy continues to inform and challenge our understanding of crime, punishment, and psychological pathology.

ted bundy interview with james dobson: The Age of Evangelicalism Steven P. Miller, 2014-04-10 At the start of the twenty-first century, America was awash in a sea of evangelical talk. The Purpose Driven Life. Joel Osteen. The Left Behind novels. George W. Bush. Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now. Steven P. Miller offers a dramatically different perspective: the Bush years, he argues, did not mark the pinnacle of evangelical influence, but rather the beginning of its decline. The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970, a period Miller defines as America's born-again years. This was a time of evangelical

scares, born-again spectacles, and battles over faith in the public square. From the Jesus chic of the 1970s to the satanism panic of the 1980s, the culture wars of the 1990s, and the faith-based vogue of the early 2000s, evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential. Born-again Christianity permeated nearly every area of American life. It was broad enough to encompass Hal Lindsey's doomsday prophecies and Marabel Morgan's sex advice, Jerry Falwell and Jimmy Carter. It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor. As Miller shows, evangelicalism influenced not only its devotees but its many detractors: religious conservatives, secular liberals, and just about everyone in between. The Age of Evangelicalism contained multitudes: it was the age of Christian hippies and the silent majority, of Footloose and The Passion of the Christ, of Tammy Faye Bakker the disgraced televangelist and Tammy Faye Messner the gay icon. Barack Obama was as much a part of it as Billy Graham. The Age of Evangelicalism tells the captivating story of how born-again Christianity shaped the cultural and political climate in which millions of Americans came to terms with their times.

ted bundy interview with james dobson: Extreme Killing James Alan Fox, Jack Levin, Emma E. Fridel, 2023-03-30 Accessibly written, yet analytically rich, Extreme Killing: Understanding Serial and Mass Murder, is renowned for its fascinating examination of historical and contemporary serial and mass murder. Authors and experts in the field, James Alan Fox, Jack Levin, and Emma Fridel, bring their years of research to bear in this fascinating analysis of serial, multiple, and mass murder. They examine the theories of criminal behavior and apply them to a multitude of tragic events that involve hate crimes, killings at religious services, music festivals, and school shootings. This Fifth Edition is filled with contemporary and classic case studies and has been updated to include coverage of controversial issues such as gun control and mental illness, the role of high-powered weapons in mass shootings, and the distinction between serial and mass murder.

ted bundy interview with james dobson: Cancel the Culture Eric Lambert, Chris McKinney, 2021-02-21 While the culture has sought to cancel Christians and Christianity, the truth is that we should have canceled many things about the world's culture a long time ago. We have to break the strongholds of culture's influence over us as a holy people. In Cancel the Culture, you will find encouragement to: · Be different on social media · Pull away from the spirit of materialism · Rid yourself of the influence of pornographic material · Get free of the deceptive trap of the world's entertainment · Pursue unity over division · Protect yourself and loved ones from dark forces in online gaming · Avoid the pitfalls of secular education We are not going to reach the culture if we are living just like them. We have to be different to make a difference! Cancel the Culture will lead you through a series of 12 challenges meant to pull you away from the influence of culture and draw you closer to God. You can use this book as a personal challenge to cancel the influence of culture in your own life. But even better, your small group, Bible study, or Sunday school class can walk through these together as weekly or monthly challenges. There are people in your church who are falling for the lies of culture right now, and you can use this book to snatch them from the flames.

ted bundy interview with james dobson: Lessons in Mythology Edmund P. Cueva, Deborah Beam Shelley, 2020-05-15 This volume offers eight approaches to myth, its uses and purposes, from viewing personal narrative as a form of healing myth to observing the atrocities committed daily arising from the most destructive form of myth. The authors of the eight chapters here note that myths have existed from the beginning of the human race in a myriad of forms and serving a myriad of functions. Indeed, the shared observation of these scholars is that humans have always been storytellers and always will be because myths are a part of the lives of every single person; they are

the story of us.

ted bundy interview with james dobson: Uncovered Rod Tucker, 2014-01-29 Greg was homeless. As he walked through the park one day, he was surrounded by people. Good people. Caring people. Christian people. People doing ministry. But people totally oblivious to Greg. No one saw him, talked to him, noticed him, or tried to minister to him. The Christians were preoccupied—working hard on the ministry they were putting together—a ministry intended to provide help and healing to the most vulnerable in their city, a ministry designed to reach . . . the homeless! How do Christians, benefactors of the overwhelming grace of an immeasurably generous God, fail so miserably at showing and distributing—of all things—grace? In voice and style evocative of Donald Miller and Scot McKnight, yet with a message all his own, Rod Tucker explores how we Christians have become masters of self-deceptive and fake moral living. Just like Adam and Eve, we don't want anyone to know we are spiritually naked. But covering up around God denies us the freedom of his grace. Until we can be honest with ourselves, honest with God, and honest with others, daily grace will continue to elude us, either as gift received or as gift given. We remain trapped in our Botox spirituality until we come to grips with exactly who we are.

ted bundy interview with james dobson: **The Ultimate Guide to Serial Killers** Skyhorse Publishing, 2020-04-21 A Thorough, Comprehensive Guide to Serial Killers for True-Crime Fans Equal parts fascinating and horrifying, the stories of serial killers like Ted Bundy and Jeffrey Dahmer have taken on a new cultural prominence with the rise of the true-crime genre. Now, *The Ultimate Guide to Serial Killers* offers murder fans and curious readers a new opportunity to learn about the lives and histories of these infamous criminals in greater depth and detail than ever before. Featuring extensive information about the backgrounds, crimes and aftermaths, victims, arrests and trials, and current lives of serial killers across the globe, as well as a variety of supplemental information—mug shots and crime-scene photos, letters from murderers, and information on victims and survivors—this book is an essential guide for all true-crime fans or any reader who wants an insight into the dark minds of the most notorious criminals in the world. Included in *The Ultimate Guide to Serial Killers*, among many others, are: Ted Bundy The Zodiac Killer John Wayne Gacy Aileen Wuornos Son of Sam Jeffrey Dahmer The BTK Killer Gary Ridgway Samuel Little Karla Homolka and Paul Bernardo

ted bundy interview with james dobson: **Reclaimed** Andy Steiger, 2020-09-01 We live in an era of polarizing political and religious disagreement. Despite the lip service our society pays to tolerance, it's becoming more and more difficult to look past our differences and to recognize our common humanity. The way that we treat each other is a direct result of how we see one another, and our culture is full of warning signs that we aren't seeing each other correctly. In *Reclaimed*, author and cultural critic Andy Steiger explores the trend toward dehumanization that underlies our fraught times. People on both sides of the political aisle and from all walks of life share a deep desire for better understanding, justice, and human dignity. Yet we're uncertain how to achieve these aims. Steiger points to Jesus as the basis for rediscovering our common ground and our shared humanity. In Jesus we find not only that humans are unique, valuable, and bearers of rights and responsibilities, but also that our dehumanizing tendencies--our worst inclinations toward inhumanity--can be redeemed and restored. Jesus enables us to be fully human, and it's in him that we rediscover the kind of relationships and society for which so many people today are longing.

ted bundy interview with james dobson: *The Third Harmony* Michael N Nagler , Ph.D., 2020-03-31 In the latest fruit of a brilliant career, Michael Nagler argues that nonviolence—not just as a tactic but as a way of being—is the only way to unite deeply divided people and enable progressive movements and leaders of all stripes to fulfil their promise and potential. So many of the problems that beset us—war, poverty, isolation, and the climate crisis—have their roots in an old story about the universe: we are purposeless matter in a random void, and scarcity, competition, and violence are inevitable. Citing the convergence of modern science and the essence of the world's wisdom traditions, Michael Nagler argues for a new story: the universe is conscious and purposeful, humans are spiritual beings, and cooperation and collaboration are our natural way of interacting.

This “new story” has had other champions, but Nagler is the first to realize that a piece is missing. For the new story to take hold, we have to embrace nonviolence, not only as a social change tactic but as a way of life. Nonviolence is the only power strong enough to “move the heart” toward this deep and revolutionary change in worldview. Nagler refers to this as the “third harmony,” which is the harmony within and among us to resolve the crisis of the human image. Calling on us to realize the urgency of nonviolence for resolving our personal and collective problems, Nagler focuses on how to shift to our story on a personal, everyday level and then integrate it into the very foundations of our understanding of humanity and community, for our sake, for the sake of future generations, and the sake of nonviolence itself.

ted bundy interview with james dobson: Rhetorical Criticism Jim A. Kuypers, 2016-04-21 Now in its second edition, *Rhetorical Criticism: Perspectives in Action* presents a thorough, accessible, and well-grounded introduction to contemporary rhetorical criticism. Systematic chapters contributed by noted experts introduce the fundamental aspects of a perspective, provide students with an example to model when writing their own criticism, and address the potentials and pitfalls of the approach. In addition to covering traditional modes of rhetorical criticism, the volume presents less commonly discussed rhetorical perspectives, exposing students to a wide cross-section of techniques.

ted bundy interview with james dobson: When Texas Prison Scams Religion Michael G. Maness, 2023-05-22 *When Texas Prison Scams Religion* exposes corruption in the Texas Department of Criminal Justice, especially in the abuse of religion. In many ways, this book is a literature review of 1,800-plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that “buys faith with favor” from prisoners. The state veritably ordains the prisoner a “Field Minister” that represents the offices of the Governor, TDCJ Director, and wardens throughout the prison. Therein, TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors. Why is the director sponsoring psychopaths counseling psychopaths? In fact, TDCJ pays \$314 million a year to UTMB for psychiatric care and receives not a single report of the care given, and worse, for UTMB generates no reports itself. The underbelly TDCJ’s executive culture of cover up is exposed. TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence. TDCJ Dir. Collier led the prison to model Louisiana Warden Burl Cain, the most scandal-ridden in penal history according to a host of published news stories for 20 years. Therein, Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism. Texas has no business endorsing the truth of any religion over another. We close with a proposal that utilizes the 400,000,000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision. Maness has been lobbying Austin for 15 years to definitively access staff for his “100,000 Mothers’ 1% Certainty Parole Texas Constitutional Amendment,” which would revolutionize prison culture and save Texans millions of the dollars.

ted bundy interview with james dobson: *Real-Life Monsters* Stephen J. Giannangelo, 2012-07-06 This book presents an in-depth psychological analysis of the development of the serial killer personality that will fascinate all readers, from the experienced criminology student to the casual true-crime reader. *Real-Life Monsters: A Psychological Examination of the Serial Murderer* takes a different approach than most titles on a similar topic: the author develops and proposes an original psychological explanation, rather than simply repeating some of the long-held theories for these criminals’ heinous actions. The work addresses current issues, presents detailed commentary and personal observation, and contains photographs that will fascinate general readers interested in the subjects of true crime, serial killers, and psychopathology. The first part of the book carefully examines the research past and present regarding clinical, psychological, societal, and biological bases for violent behavior, specific to the serial murderer. Part two establishes a novel theory of the pattern of violence and then explores this hypothesis through eight case studies, interviews with serial killers, and elemental analysis. The work also contains a chapter based on conversations

between the author and a convicted serial murderer.

ted bundy interview with james dobson: *The One Year Book of Amazing Stories* Robert Petterson, 2018-10-09 ECPA 2020 Christian Book Award Finalist! You wouldn't believe it, but . . . James Earl Jones, the voice of Darth Vader, grew up mute. Michael Jordan was cut from his high school basketball team. Albert Einstein was bullied mercilessly in school. Beethoven's mom almost aborted him. Life takes the strangest sharp turns—and sometimes, U-turns. Robert Petterson—popular speaker, storyteller, and author—has been a student for his entire life of what God is teaching us through those real-life U-turns. In this book, he compiles 365 amazing stories that teach lessons you won't easily forget. Each entry is written in the rest-of-the-story style popularized by Paul Harvey. With *The One Year Book of Amazing Stories*, you'll marvel at how God has used the lives of these ordinary people to change the course of human history.

ted bundy interview with james dobson: Parenting Today's Adolescent Dennis Rainey, Barbara Rainey, Bruce Nygren, 2002-03-03 Normally confident moms and dads grow weak-kneed when their children enter--gasp!--puberty. Barbara and Dennis Rainey, parents of six teenage or older children, map out the unfamiliar, demanding landscape of both pre-adolescence (ages 10-12), as well as the teen years that follow. Preadolescence is when convictions are shaped; adolescence is when convictions are tested, they advise parents. In *Parenting Today's Adolescent* the Raineys help children and parents build a satisfying relationship while forging a vision for a productive, God-honoring life-before, during, and after adolescence.

ted bundy interview with james dobson: Abduction: How Liberalism Steals Our Children's Hearts And Minds Steven Feazel, 2016-10-04 Sounding the Alarm The authors sound an Amber Alert for the souls of America's youth. They expose how the liberal Left seeks to brainwash our kids for their political gain. Movies, TV, music, court decisions, news reports and the education system are all corrupted by the Left to control the nation's youth. Parents, who seek to protect their children from the devious deception of a liberal agenda, will find this book to be a practical guide to push back against the Liberal efforts designed to reshape our kids' worldview and destroy their moral compass. Steve Feazel and Dr. Carol Swain ring a warning bell for all parents to heed who want their children to embrace and cherish traditional values and moral living that will allow them to live happy and productive lives. The book reveals the dangers of a relative morality while providing practical action steps that parents can take to prevent their children from becoming conformed to the secular pattern of the world. -Tim Wildmon, President of American Family Association I thank God for Carol Swain. Very few people are willing to see, much less say what she and Steve Feazel say in this tremendously important book. It is disturbing, but it is true, so it is up to us to see it for ourselves and help others to do the same. Please spread the word. - Eric Metaxas, New York Times Bestselling author of *Bonhoeffer* and *If You Can Keep It: The Forgotten Promise of American Liberty* Everywhere we turn, from our schools, to Hollywood, to the media to the courts, children's minds and souls are being usurped by the radical secular Left. Carol Swain and Steve Feazel tackle the immoral architects of the New Morality in this trenchant and timely book--and show parents how to fight back. - Michelle Malkin, author of *Culture of Corruption* and *Who Built That* A national wakeup call sounding the alarm on how sinful forces are undermining timeless spiritual values which are so important to maintain to nurture the success of future generations. This unique book provides positive insight that if applied can push back against a culture that places too little value on morality. -Dr. Alveda King, Civil Rights and Pro-Life Activist, Author, Christian Minister Dr. Carol Swain on Huckabee Live!

ted bundy interview with james dobson: Freedom and Entertainment Stephen Vaughn, 2006 This is a story that Jack Valenti has long tried to keep secret. *Freedom and Entertainment* is the first book to offer a behind-the-scenes account of the motion picture rating system and the Motion Picture Association of America under Valenti's leadership. The book is based on the private papers and oral history of Richard D. Heffner, who headed the Classification and Rating Administration for two decades, from 1974 to 1994, and who was once called 'the least-known most powerful person in Hollywood.' The story chronicles the often tense working relationship between Heffner and Valenti,

and the sometimes bruising encounters Heffner had with such Hollywood heavyweights as Clint Eastwood, Oliver Stone, Michael Douglas, George C. Scott, Lew Wasserman, Arthur Krim, Jerry Weintraub, and many others.
